AGREEMENT

THIS AGREEMENT, made this __day of October, 2025, by and between the Town of Manlius, Onondaga County, New York, (hereinafter designated as the “Town”), and the Village of Fayetteville, of the Town of Manlius, Onondaga County, New York (hereinafter designated as the “Village”):

WITNESSETH:

WHEREAS, the Village maintains a Volunteer Fire Department (hereinafter designated as the “Fire Department”) and an emergency ambulance service, each comprised of volunteer and paid personnel under the supervision of the Village Board of the Village (“Village Board”); and

WHEREAS, there has heretofore been duly established in the Town a Fire Protection District known as “FAYETTEVILLE FIRE PROTECTION DISTRICT OF THE TOWN OF MANLIUS” (hereinafter designated the “District”), embracing territory in the Town surrounding the said Village, which such territory is more fully described in the resolution establishing said District as reestablished and redefined in certain resolutions of the Town Board of the Town of Manlius (“Town Board”) adopted October 6, 1971; and

WHEREAS, following a Public Hearing duly called and held on October 8, 2025, the Town Board duly authorized an Agreement with the Village upon the terms and provisions herein set forth; and

WHEREAS, this Agreement has been duly authorized by the Village Board; and

WHEREAS, the Fire Department, the Fayetteville Volunteer Fire Company (hereinafter designated as the “Company”), and the Emergency Rescue and First Aid Squad of said Fire Department and said Company has heretofore duly consented to the furnishing of fire and emergency ambulance service and to the execution of this Agreement;

NOW, THEREFORE, in consideration of the payment herein agreed to be paid by the Town to the Village, the mutual covenants herein contained, and other good and valuable consideration, the parties hereto agree as follows:

1. The Village shall furnish fire protection and emergency ambulance service to the District during the term of this Agreement in the manner following, to wit:

(a) The Fire Department shall at all times during the period of this Agreement be subject to calls for attendance upon any fire occurring in said District, and when notified of a fire within the District, such Fire Department shall respond and attend upon the fire, without delay, with suitable equipment, including, but not limited to, suitable ladders, pumping and hose apparatus, and upon arriving at the scene of the fire, the firemen of the Village attending shall proceed diligently and in every way reasonably suggested to extinguish the fire and to save life and property in connection therewith; and

(b) The Emergency Rescue and First Aid Squad of the Fire Department and the Company shall provide at all times during the period of this Agreement emergency ambulance service in said District as that term is described in Section 209-b(1)(a) of the General Municipal Law of the State of New York.

2. The Village shall be responsible for any loss or damage whatever which shall be sustained to the fire or emergency ambulance service apparatus of said Village in answering, attending upon, or returning from a call for assistance in said District under the terms of this Agreement, whether sustained in the District or outside thereof, and irrespective of the cost thereof.

3. On or before February 17, 2026, the Town shall pay to the Village the sum of \$2,480,026.00 to be levied and assessed against the real taxable property in said District liable to assessment for such purpose and to be collected with Town taxes. The Village hereby agrees to

accept the said sum in full payment for furnishing aid and the use of its fire or emergency ambulance service apparatus and for performing all of the things on its part to be performed by the terms hereof during the period of this Agreement as hereinafter set forth. In support of sum paid, the Village will provide the Town a statement detailing the revenues, operating expenses and capital expenses budgeted for fire and emergency ambulance service. Revenues budgeted will be based on actual revenues collected as presented in the AUD Report by the Village for its prior fiscal year. The Village will meet periodically with Town representatives to discuss fire and emergency ambulance service and present their budget and related operating activities to the Town Board at a Public Hearing.

4. The Town acknowledges and consents that the Village shall charge, bill and collect fees to persons using the emergency ambulance service within the District under this Agreement, all of which shall be applied to determine the Town's payment described in Section 3.

5. The Village shall, at its own expense, secure a policy or policies of insurance issued by an insurance company or companies duly authorized by law to issue the same and authorized to do business in the State of New York, and shall deliver to the Town satisfactory evidence of the issuance thereof, which said policy or policies shall contain provisions insuring the Village, Town and District against any and all liability, both jointly and severally, including liability for Workers' Compensation and other compensation and any liability created under the provisions of the General Municipal Law of the State of New York, or otherwise, which may become payable by reason of injury to, or death of, any volunteer fireman, or injury to, or death of, any other person or of damage to property for which, under the law, either the Village, Town or District may be liable, by reason of operations within the limits of said District by the Fire Department or the Emergency Rescue and First Aid Squad of the Fire Department and the Company.

The Village will maintain both Commercial General Liability Insurance and Umbrella Liability Insurance with minimum contractual coverage for the benefit of the Town and District in the aggregate amount of \$1,000,000/\$2,000,000 and \$3,000,000/\$5,000,000, respectively, and will furnish a Certificate of Insurance to the Town and District showing the aggregate coverage obtained. The Certificate of Insurance will be issued in advance of the Town's payment described in Section 3.

6. The Village shall hold the Town and District harmless of and from all loss and expense of every name and nature arising out of the furnishing of fire protection and emergency ambulance service to said District during the term of this Agreement up to a monetary limit of \$5,000,000, as is equal to the minimum monetary limits of such Commercial General Liability Insurance and the Umbrella Liability Insurance the Village secures pursuant to Section 5. It is agreed and understood by the parties hereto, however, that \$5,000,000 shall serve as a measure of the maximum amount for which the Village shall be liable hereunder. Failure of any such policy to cover a loss for which the Village is otherwise responsible hereunder, however, shall not relieve the Village from responsibility therefore. The Town's right to indemnification pursuant to this provision is in addition to all of its common law rights and any other rights of any name or nature whatsoever and shall not constitute an election of remedies. In addition, the obtaining of any liability insurance coverage by any party hereto for the purpose of protecting its interests in relation to the subject of this Agreement, or otherwise, shall not constitute an election of remedies.

7. Members of the Fire Department and the Emergency Rescue and First Aid Squad of the Fire Department and the Company, while engaged in the performance of their duties in answering,

attending upon or returning from any call provided for by this Agreement, shall have the same rights, privileges and immunities as if performing the same in the Village.

8. This Agreement shall be for the calendar year 2026, commencing January 1, 2026 and remaining in effect through December 31, 2026.

IN WITNESS WHEREOF, the parties hereto have duly executed and delivered this Agreement this __day of October, 2025.

AGREEMENT

THIS AGREEMENT, made this __day of October, 2025 by and between the Town of Manlius, Onondaga County, New York, (hereinafter designated as the "Town"), and the Village of Minoa, of the Town of Manlius, Onondaga County, New York (hereinafter designated as the "Village"):

WITNESSETH:

WHEREAS, the Village of Minoa maintains separately, an emergency ambulance service (hereinafter designated as “Minoa Ambulance”) and a Volunteer Fire Department (hereinafter designated as the “Fire Department”), each under the supervision of the Village Board of the Village (hereinafter designated as the “Village Board”); and

WHEREAS, there has heretofore been duly established in the Town a Fire Protection District known as "MINOA FIRE PROTECTION DISTRICT OF THE TOWN OF MANLIUS" (hereinafter designated as the “District”), embracing territory in the Town surrounding said Village, which such territory is more fully described in the resolution establishing said District as reestablished and redefined in certain resolutions of the Town Board of the Town (hereinafter designated as the “Town Board”) adopted October 6, 1971; and

WHEREAS, following a Public Hearing duly called and held on October 8, 2025, the Town Board duly authorized an Agreement with the Village upon the terms and provisions herein set forth; and

WHEREAS, this Agreement has been duly authorized by the Village Board;

WHEREAS, the Fire Department, Minoa Ambulance, and the Minoa Fire Department, Inc. have heretofore duly consented to the furnishing of fire and emergency ambulance service and to the execution of this Agreement;

NOW, THEREFORE, in consideration of the payment herein agreed to be paid by the Town to the Village, and the Minoa Fire Departments, Inc. the mutual covenants herein contained, and other good and valuable consideration, the parties hereto agree as follows:

1. The Village shall furnish fire protection and emergency ambulance service to the District during the term of this Agreement in the manner following, to wit:

(a) The Fire Department shall at all times during the period of this Agreement be subject to calls for attendance upon any fire occurring in said District, and when notified of a fire within the District, such Fire Department shall respond and attend upon the fire, without delay, with suitable equipment, including, but not limited to, suitable ladders, pumping and hose apparatus, and upon arriving at the scene of the fire, the firemen of the Village attending shall proceed diligently and in every way reasonably suggested to extinguish the fire and to save life and property in connection therewith; and

(b) Minoa Ambulance shall provide at all times during the period of this Agreement emergency ambulance service in said District as that term is described in Section 122-b of the General Municipal Law of the State of New York.

2. The Village shall be responsible for any loss or damage whatever which shall be sustained to the fire or emergency ambulance service apparatus of said Village in answering, attending upon, or returning from a call for assistance in said District under the terms of this Agreement, whether sustained in the District or outside thereof, and irrespective of the cost thereof.

3. On or before February 17, 2026, the Town shall pay to the Village the sum of \$1,427,988, via payments of \$40,000 to the Minoa Fire Department and \$1,387,988 to the Village, pursuant to Section 209-d of the General Municipal Law, such total sum to be levied and assessed against the real taxable property in said District liable to assessment for such purpose and to be collected with Town taxes. The Village and Minoa Fire Department, Inc. hereby agrees to accept the said sums in full payment for furnishing aid and the use of its fire or emergency ambulance service apparatus and for performing all of the things on its part to be performed by the terms hereof during the period of this Agreement as hereinafter set forth. In support of the sum paid, the Village will provide the Town a statement detailing the revenues, operating expenses and capital expenditures budgeted for fire and emergency ambulance service. Revenues budgeted will be based on actual revenues collected as presented in the AUD Report submitted by the Village to NYS for its prior fiscal year. The Village will meet periodically with Town representatives to discuss fire and emergency ambulance service and present their budget and related operating activities to the Town Board at a Public Hearing.

4. The Town acknowledges and consents that the Village shall charge, bill and collect fees to persons using the emergency ambulance service within the District under this Agreement, all of which shall be applied to determine the Town's payment described in Section 3.

5. The Village shall, at its own expense, secure a policy or policies of insurance issued by an insurance company or companies duly authorized by law to issue the same and authorized to do business in the State of New York, and shall deliver to the Town satisfactory evidence of the issuance thereof, which said policy or policies shall contain provisions insuring the Village, Town and District against any and all liability, both jointly and severally, including liability for Workers' Compensation and other compensation and any liability created under the provisions of the General

Municipal Law of the State of New York, or otherwise, which may become payable by reason of injury to, or death of, any volunteer fireman, or injury to, or death of, any other person or of damage to property for which, under the law, either the Village, Town or District may be liable, by reason of operations within the limits of said District by the Fire Department, Minoa Ambulance or Minoa Fire Department, Inc.

The Village will maintain both Commercial General Liability Insurance and Umbrella Liability Insurance with minimum contractual coverage for the benefit of the Town and District in the aggregate amount of \$1,000,000/\$2,000,000 and \$3,000,000/\$5,000,000, respectively, and will furnish a Certificate of Insurance to the Town and District showing the aggregate coverage obtained. The Certificate of Insurance will be issued in advance of the Town's payment described in Section 3.

6. The Village shall hold the Town and District harmless of and from all loss and expense of every name and nature arising out of the furnishing of fire protection and emergency ambulance service to said District during the term of this Agreement up to a monetary limit of \$5,000,000, as is equal to the minimum monetary limits of such Commercial General Liability Insurance and the Umbrella Liability Insurance the Village secures pursuant to Section 5. It is agreed and understood by the parties hereto, however, that \$5,000,000 shall serve as a measure of the maximum amount for which the Village shall be liable hereunder. Failure of any such policy to cover a loss for which the Village is otherwise responsible hereunder, however, shall not relieve the Village from responsibility therefore. The Town's right to indemnification pursuant to this provision is in addition to all of its common law rights and any other rights of any name or nature whatsoever and shall not constitute an election of remedies. In addition, the obtaining of any liability insurance coverage by any party hereto

for the purpose of protecting its interests in relation to the subject of this Agreement, or otherwise, shall not constitute an election of remedies.

7. Members of the Fire Department, Inc., Minoa Ambulance, and Minoa Fire Department, Inc. while engaged in the performance of their duties in answering, attending upon or returning from any call provided for by this Agreement, shall have the same rights, privileges and immunities as if performing the same in the Village.

8. This Agreement shall be for the calendar year 2026, commencing January 1, 2026 and remaining in effect through December 31, 2026.

IN WITNESS WHEREOF, the parties hereto have duly executed and delivered this Agreement this __day of October, 2025.

AGREEMENT

THIS AGREEMENT, made this __day of October 2025, by and between the Town of Manlius, Onondaga County, New York, (hereinafter designated as the “Town”), and the Village of Manlius, Onondaga County, New York (hereinafter designated as the “Village”):

WITNESSETH:

WHEREAS, the Village maintains a Volunteer Fire Department (hereinafter designated as the “Fire Department”) and an emergency ambulance service (hereinafter designated as the “Ambulance Service”), each comprised of volunteer and paid personnel under the supervision of the Board of Trustees of the Village (hereinafter designated as the “Village Board”); and

WHEREAS, the Manlius Fire Company has heretofore duly consented to the furnishing of fire protection and emergency ambulance service and to the execution of this Agreement, and

WHEREAS, the Fire Department and the Ambulance Service has heretofore duly consented to the furnishing of fire and emergency ambulance service and to the execution of this Agreement; and

WHEREAS, there has heretofore been duly established in the Town a Fire Protection District known as “Manlius Fire Protection District of the Town of Manlius” (hereinafter designated as the “District”), embracing territory in the Town surrounding said Village, which such territory is more fully described in the resolution establishing said District as reestablished and redefined in certain resolutions of the Town Board of the Town of Manlius (hereinafter designated as the “Town Board”) adopted October 6, 1971; and

WHEREAS, following a Public Hearing duly called and held on October 8, 2025, the Town Board duly authorized an Agreement with the Village upon the terms and provisions herein set forth; and

WHEREAS, this Agreement has been duly authorized by the Village Board.

NOW, THEREFORE, in consideration of the payments herein agreed to be paid by the Town to the Village, the mutual covenants herein contained, and other good and valuable consideration, the parties hereto agree as follows:

1. The Village shall furnish fire protection and emergency ambulance service within the District during the term of this Agreement in the manner following, to wit:

(a) The Fire Department shall at all times during the period of this Agreement be subject to calls for attendance upon any fire occurring in said District, and when notified of a fire within the District, such Fire Department shall respond and attend upon the fire, without delay, with suitable equipment, including, but not limited to, suitable ladders, pumping and hose apparatus, and upon arriving at the scene of the fire, the firemen of the Village attending shall proceed diligently and in every way reasonably suggested to extinguish the fire and to save life and property in connection therewith; and

(b) The Ambulance Service shall provide at all times during the period of this Agreement emergency ambulance service in said District as that term is described in Section 122-b of the General Municipal Law of the State of New York.

2. The Village shall be responsible for any loss or damage whatever which shall be sustained to the fire or emergency ambulance service apparatus of said Village in answering, attending

upon, or returning from a call for assistance in said District under the terms of this Agreement, whether sustained in the District or outside thereof, and irrespective of the cost thereof.

3. On or before February 17, 2026, the Town shall pay to the Village the sum of \$2,183,428.74 to be levied and assessed against the real taxable property in said District liable to assessment for such purpose and to be collected with Town taxes. The Village hereby agrees to accept the said sum in full payment for furnishing aid and the use of its fire or emergency ambulance service apparatus and for performing all of the things on its part to be performed by the terms hereof during the period of this Agreement as hereinafter set forth. In support of sum paid, the Village will provide the Town a statement detailing the revenues, operating expenses and capital expenses budgeted for fire and emergency ambulance service. Revenues budgeted will be based on actual revenues collected as presented in the AUD Report submitted by the Village to NYS for its prior fiscal year. The Village will meet periodically with Town representatives to discuss fire and emergency ambulance service and present their budget and related operating activities to the Town Board at a Public Hearing.

4. The Town acknowledges and consents that the Village shall charge, bill and collect fees to persons using the Ambulance Service within the District under this Agreement, all of which shall be applied to determine the Town's payment described in Section 3.

5. The Village shall, at its own expense, secure a policy or policies of insurance issued by an insurance company or companies duly authorized by law to issue the same and authorized to do business in the State of New York, and shall deliver to the Town satisfactory evidence of the issuance thereof, which said policy or policies shall contain provisions insuring the Village, Town and District against any and all liability including liability for Workers' Compensation and other compensation and any liability created under the provisions of the General Municipal Law of the State of New York, or otherwise, which may become payable by reason of injury to, or death of, any

volunteer fireman, or injury to, or death of, any other person or of damage to property for which, under the law, either the Village, Town or District may be liable, by reason of operations within the limits of said District by the Fire Department or the Ambulance Service.

The Village will maintain both Commercial General Liability Insurance and Umbrella Liability Insurance with minimum contractual coverage for the benefit of the Town and District in the aggregate amount of \$1,000,000/\$2,000,000 and \$3,000,000/\$5,000,000, respectively, and will furnish a Certificate of Insurance to the Town and District showing the aggregate coverage obtained. The Certificate of Insurance will be issued in advance of the Town's payment described in Section 3.

6. The Village shall hold the Town and District harmless of and from all loss and expense of every name and nature arising out of the furnishing of fire protection and emergency ambulance service to said District during the term of this Agreement up to a monetary limit of \$5,000,000, as is equal to the minimum monetary limits of such Commercial General Liability Insurance and the Umbrella Liability Insurance the Village secures pursuant to Section 5. It is agreed and understood by the parties hereto, however, that \$5,000,000 shall serve as a measure of the maximum amount for which the Village shall be liable hereunder. Failure of any such policy to cover a loss for which the Village is otherwise responsible hereunder, however, shall not relieve the Village from responsibility therefore. The Town's right to indemnification pursuant to this provision is in addition to all of its common law rights and any other rights of any name or nature whatsoever and shall not constitute an election of remedies. In addition, the obtaining of any liability insurance coverage by any party hereto for the purpose of protecting its interests in relation to the subject of this Agreement, or otherwise, shall not constitute an election of remedies.

7. Members of the Fire Department and the Ambulance Service, while engaged in the performance of their duties in answering, attending upon or returning from any call provided for by this Agreement, shall have the same rights, privileges and immunities as if performing the same in the Village.

8. This Agreement shall be for the calendar year 2026, commencing January 1, 2026 and remaining in effect through December 31, 2026.

IN WITNESS WHEREOF, the parties hereto have duly executed and delivered this Agreement this ____day of October, 2025.

Town of Manlius

Bridge to Medicare Policy

Purpose

The Bridge to Medicare Policy provides spouses of eligible retired Town of Manlius employees with continued access to Town-sponsored health insurance coverage at the current active employee contribution rate until the spouse reaches Medicare eligibility age. This benefit is designed to assist long term employees with affordable health coverage during the transition between retirement and Medicare enrollment.

Eligibility Criteria

To qualify for the Bridge to Medicare Program, the following requirements must be met:

1. Service Requirement: The employee must have completed 20 or more years of service with the Town of Manlius at the time of retirement, and the spouse must be age 62 or older.
2. Insurance Enrollment History:
 - To be eligible for coverage, the employee must have been continuously enrolled in the Town family health insurance plan for at least 2 years immediately prior to retirement.
3. Retirement Status: The employee must be officially retiring and collecting a pension from the New York State Retirement System.

Coverage Terms

- Eligible retirees may continue with family coverage at the time of retirement. Changes in plan type (e.g., from family to single) are not permitted after retirement unless there is a qualifying event or during open enrollment.
- Retirees will contribute to their health plan at the same rate as active, non-union employees at the time of their retirement.
- This coverage continues until the retiree's spouse reaches Medicare eligibility. Once eligible for Medicare, the retiree's spouse will be transitioned off the Bridge to Medicare coverage and may enroll in the Town's Medicare Advantage plan.
- Surviving spouses are eligible for continuation under the Bridge to Medicare Program.
- If, at the time of the employee's retirement, the spouse is under age 62, the spouse will follow the current handbook rule: retirees are eligible to elect family coverage and their premium for a family plan will be the entire cost of a single plan premium, plus the current non-union premium rate for single coverage. The cost to have the spouse on the plan would therefore be the entire cost of a single plan premium until the spouse turns age 62.

Effective Date

This policy shall take effect January 1, 2026. It applies only to employees retiring on or after that date.

Notes

- Eligibility and continuation of coverage under this program are subject to periodic review and amendment by the Town Board.

100 INTRODUCTION

101 Welcome Letter

Welcome to the Town of Manlius!

As an employee of the Town, you are asked to read and become familiar with the contents of this Employee Handbook. The policies, procedures, and provisions outlined in this Handbook are designed to serve as guidelines to keep you as informed as much as possible about your employment. Please read the Handbook in its entirety.

While the provisions and procedures outlined herein should give answers to most of your general questions about employment, this Handbook cannot cover every situation that might arise. The Handbook is a compilation of policies related to law or approved by the Board, and procedures and guidelines that can be changed

internally. Neither any individual section nor the Handbook as a whole is intended to create any kind of contractual relationship; all provisions outlined herein are subject to change at the Board's discretion, with or without notice.

If you have questions about these guidelines or any job-related topic, please consult with your Department Head, the Town Manager, or me at any time.

I appreciate the opportunity to work with you, and wish you success as we turn to face the numerous challenges, opportunities, and potential rewards ahead.

Sincerely,

John T. Deer
Town of Manlius Supervisor

102 The Purpose of this Handbook

The purpose of this Handbook is to communicate the Town of Manlius' personnel policies and practices to all employees. It is extremely important that our employees understand the policies that relate to benefits, employment classifications, rules, regulations, pay policies, and personnel practices. This Handbook does not create any kind of contractual relationship and all provisions outlined herein are subject to change at the Board's discretion, with or without notice. Further, all employment in the Town, with the exception of employment covered by a specific contract, is employment at will. This means either the Town or the employee may terminate the employment relationship, subject to the requirements of the New York State Civil Service Law, Town Law, or any applicable law, rule or regulation. Do not hesitate to contact your Department Head or the Town Manager if you have questions regarding any topic covered in this Handbook.

103 Civil Service Employees

The provisions of this Handbook shall not be deemed in any way to conflict with or modify any act of the Legislature of the State of New York, relating to the Civil Service rights, privileges or status of any employees in the Town.

104 Manlius Police and Highway Department Employees

The Town of Manlius Police Department and Highway Department have existing collective bargaining agreements. The employment terms set out in this Handbook are separate from, and do not replace, amend, or supplement any terms or conditions of employment stated in any collective bargaining agreement that a union has with Manlius Police and Highway Department employees. Employees should consult the terms of their respective collective bargaining agreements with regard to any conflicting terms between those agreements and this Handbook.

105 Changes or Modifications

The Town of Manlius reserves the right to interpret, change or modify any action of this Handbook with or without notice. The employee benefits, personnel policies, procedures and rules of this Handbook will remain in effect until they are changed.

Questions about any topic covered in this Handbook should be directed to the employee's immediate supervisor.

106 Hiring Process

Any and all employment offers must be approved by a motion of the Town Board. Only the Town Board has authority to hire and determine salary, except those salaries governed by an existing labor agreement.

200 COMPLIANCE POLICIES

201 The Americans with Disabilities Act (ADA)

The Town is committed to complying with all applicable provisions of state, federal and local laws prohibiting discrimination, including the Americans with Disabilities Act. It is the Town's policy not to discriminate against any qualified employee or applicant with regard to any terms or conditions of employment because of such individual's disability or perceived disability so long as the employee can perform the essential functions of the job. Consistent with this policy of nondiscrimination, the Town will provide reasonable accommodations to a qualified individual with a disability as defined by the ADA, who has made the Town aware of his or her disability and need for accommodation, provided that such accommodation does not constitute an undue hardship for the Town. Employees with a disability who believe they need a reasonable accommodation to perform the essential functions of their job should contact their Department Head.

The Town will engage in a timely, good faith interactive process with the employee to identify reasonable accommodations. Employees may be asked to submit relevant medical documentation.

202 Equal Employment Opportunity

Equal Employment Opportunity has been, and will continue to be, a fundamental principle at the Town of Manlius, where employment is based upon personal capabilities and qualifications without discrimination because of race, color, religion, sex, sexual orientation, age, national origin, disability, veteran status, genetic predisposition, or any other protected characteristic as established by law. Specifically, the Town strictly prohibits and does not tolerate discrimination against employees, applicants, interns, or any other covered persons because of age, race, color, religion, creed, national origin including ancestry, ethnicity, sex including pregnancy, gender, gender identity or expression, including status as a transgender individual, physical or mental disability, including gender-related conditions, citizenship or immigration status, military status, including past, current, or prospective service in the uniformed services, genetic information, predisposing genetic characteristics, marital status, domestic violence victim status, familial status, actual or perceived sexual orientation, or and any other characteristic protected under applicable federal, New York, or local law. All of the Town's employees, other workers, and representatives are prohibited from engaging in unlawful discrimination. This policy applies to all terms and conditions of employment, including, but not limited to, hiring, training, promotion, discipline, compensation, benefits, and termination of employment.

Persons who believe that they have not been afforded equal treatment in accordance with this policy should contact any Department Head, the Town Manager, or the Town Supervisor. Employees may raise concerns and make reports without fear of reprisal. All complaints will be fully investigated and corrective action taken where required. Any Town employee found to be

engaging in any type of unlawful discrimination or improper harassment will be subject to disciplinary action, up to and including termination of employment.

203 Harassment in the Workplace

The Town is committed to providing a work environment free of unlawful harassment and discrimination. Words, actions, gestures, jokes, touching or comments based on an individual's race, color, religion, creed, national origin including ancestry, ethnicity, sex including pregnancy, gender, gender identity or expression, including status as a transgender individual, physical or mental disability, including gender-related conditions, citizenship or immigration status, military status, including past, current, or prospective service in the uniformed services, genetic information, predisposing genetic characteristics, marital status, domestic violence victim status, familial status, actual or perceived sexual orientation, or and any other characteristic protected under applicable federal, New York, or local law, are strictly prohibited and will not be tolerated. Normal, courteous, mutually respectful, pleasant, interaction between employees that are acceptable to both parties are not considered harassment. This policy includes, but is not limited to prohibiting, unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature.

Employees should refer to the Town's Sexual Harassment Prevention Policy (Appendix E) for more information specific to issues of sexual harassment.

Since the Town encourages employees to report what they believe are incidents of discrimination or harassment, no individual will be retaliated against because they made such a report or participated in an investigation related to harassment or discrimination.

Every employee, applicant, intern and volunteer is entitled to a work environment free from harassment of any type. Violation of the Town's harassment and/or non-discrimination policies will result in disciplinary action up to and including termination.

As is the case with all policies in this Handbook, failure to comply with this policy may lead to disciplinary action.

All employees are required to complete the Town's Harassment Prevention training.

Complaint Procedure

It is the Town's policy to thoroughly investigate and remedy any known incident of unlawful discrimination or harassment. In order to accomplish this objective, unlawful discrimination or harassment must be promptly brought to the attention of the Town management. If an employee believes that they have been subjected to any form of harassment, they should report the matter at once to their immediate supervisor, Department Head, the Town Manager, or the Town Supervisor. Any supervisor who receives a complaint of harassment must immediately notify the Town Supervisor who by himself or via a designee will investigate such charges of discrimination/harassment and will confer with those who feel they have been victims of discrimination or harassment.

If the Town determines that unlawful harassment has occurred, effective remedial action will be taken in

accordance with the circumstances involved. If an employee is found to have violated the Town's anti-harassment policy, the employee will be subject to disciplinary action up to and including termination. Employees are expected to cooperate fully if they are called upon in an investigation. Information gathered in the course of any investigation will be kept confidential to the extent practicable and

consistent with the Town's duty to conduct a thorough investigation. No employee will be subject to retaliation of any kind for making a good faith report of harassment or cooperating in an investigation. Employees who report incidents of harassment will be informed of the results of the investigation. Follow-up interview(s) with the complainant will be conducted promptly, to ensure that the harassment has not resumed, and that no retaliatory action has been taken.

If you believe that you have experienced or witnessed discrimination or harassment in the workplace, you have a responsibility to report that behavior to your Department Head immediately. If you are unable to discuss this matter with your Department Head, take your complaint directly to the Town Supervisor or Town Manager. All complaints

will be investigated discreetly and promptly. Any employee who reports discrimination or harassment will

not suffer adverse employment consequences as a result of a complaint.

The Town will not tolerate retaliation based on opposition to discrimination or harassment or participation in complaint proceedings or an investigation. Retaliation against anyone who makes a complaint of discrimination, harassment, or substantiates a complaint of harassment or discrimination, is unacceptable and will result in disciplinary action. Retaliation should be reported to the Town in the same manner as harassment.

204 Fair Treatment Policy

It is our policy to treat all employees with fairness, respect and dignity. We will not tolerate harassment or discrimination of any kind in the workplace.

If you believe you have encountered any kind of harassment or discrimination in the workplace, please advise your department head immediately. If you are unable to report this matter to your Department Head, take your complaint directly to the Town Supervisor or Town Manager. All reports will be investigated promptly and your employment will not be adversely affected as a result of bringing this matter to the Town's attention.

205 Employment of Minors

When minors (under the age of 18) are hired by the Town the Town requires that the minor present working papers prior to beginning employment. No minor shall be hired without first presenting working papers. Minors may be limited to a set number of hours of work per week (depending on conditions such as whether school is in session) as mandated by state and federal law.

206 Immigration Law Compliance

The Town does not employ persons who are not legally eligible to work in the United States of America. The Town is committed to employing United States citizens and others who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin.

In compliance with the Immigration Reform and Control Act of 1986, as a condition of employment, each new employee must complete an Employment Eligibility verification form 1-9, and provide documentation establishing identity and employment eligibility. Former employees who are rehired must also comply with this requirement.

300 EMPLOYEE CLASSIFICATIONS

301 Probationary Period

A probationary period of one year has been established for all new employees. During this period, employees will have the opportunity to learn job responsibilities and demonstrate abilities to their immediate supervisor. If not terminated sooner, new employees will meet with their immediate supervisor at the conclusion of the probationary period to evaluate the new employee's performance and determine if the new employee should be assigned permanent employee status. At a six month interval, the Supervisor or Department Head will perform a written evaluation of the employee on a form prescribed by the Town Manager.

302 Probationary Period (Civil Service Employees)

A permanent appointment in the competitive, non-competitive, exempt or labor class is initially made for a probationary period during which the employee must prove his or her ability and competence to perform the job. This probationary period is generally for a minimum of a 26 week period, with certain exceptions such as an interdepartmental transfer which is for a probationary term of 12 weeks or a trainee appointment which has a maximum of 52 weeks. During this probationary period, the employee's supervisor will observe and evaluate the employee's work performance and make suggestions for improvement or for future work development. At a midpoint during the 26 week period, the Supervisor or Department Head will perform a written evaluation of the employee on a form prescribed by the Town Manager.

Before the 26th week of employment the employee will receive notice from the Department Head that (a) the probationer will be terminated; or (2) the probationer has satisfactorily completed the probationary period. The Town Manager must review the

correspondence and a copy of the mid-point evaluation (and any other evaluations) before it is issued to the employee.

Permanent employees who are either promoted or have made an interdepartmental transfer and are required to serve probationary term have the right to return to his/her previous position at any time during the probationary term. If the employee's performance during the probationary period is not satisfactory, he/she shall be restored to the previous permanent position.

303 Employment Categories

Employees of the Town are defined in two classifications to determine employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. Accordingly, the right to terminate the employment relationship at will at any time is retained by both the employee and the Town. Each employee is designated as either NONEXEMPT or EXEMPT from federal and state wage and hour laws according to current applicable federal or state laws. In addition, each employee will belong to one other employment category:

FULL-TIME employees are those who are not assigned to a temporary status and who are regularly scheduled to work 36.25 hours or more per week. Full-time employees are generally eligible for Town benefits, subject to the terms, conditions, and limitations of each benefit program, and they are eligible for all legally mandated benefits (such as Social Security and Workers' Compensation insurance).

PART-TIME employees are those who are not assigned to a temporary status and who are regularly scheduled to work less

than 36.25 hours per week. Part-time employees are generally not eligible for benefits.

SEASONAL employees are those who are hired for a limited duration and specific purpose. Employment beyond any initially stated period does not in any way imply a change in employment status. Seasonal employees retain that status unless and until notified of a change.

CONTRACTED workers are those individuals performing specific tasks or projects under contract or Memoranda of Understanding and are not considered employees and are not eligible for any benefits.

304 Town of Manlius Police and Highway Department Employees

Members of the Town of Manlius Police and Highway Department should refer to their current Labor Agreements for information on employee classification.

305 Eligibility for Overtime

In accordance with the Federal Labor Standards Act (FLSA), non-exempt employees are eligible to receive overtime pay at a rate of one and one-half times their regular pay for time worked in excess of 40 hours per workweek.

Exempt employees are not eligible to receive any form of compensation for overtime; they are expected to work as many hours as required to perform the duties of the position.

306 Non-Exempt Employees

Hourly Town employees will be paid straight time for all hours up to forty (40) hours in one workweek. Thus, hours worked beyond the 36.25 up to 40 hours will not be counted towards overtime

calculations, except upon written approval by the Town Supervisor. Non-exempt employees who work more than forty (40) hours in one week are eligible to receive overtime pay for those hours. Any hours over forty (40) in one week will be paid at the rate of one and one-half (1.5) times an employee's hourly rate or at the compensatory time rate pursuant to the Town's compensatory time off policy. In addition, hourly employees are required to take a duty-free unpaid lunch period each day which is 30 minutes in length or in combination with 15 minute break for a 45 minute lunch. Lunch and break periods will not be counted in calculating overtime.

The Department Head must approve all overtime in advance and overtime payments will be paid in the next payroll period. Employees should contact their supervisor or the Town Manager if they have questions about their overtime eligibility. All employees are required to document their work time on the Town designated time collection system. Each Department Head shall review their department's submitted time and upon completion, certify that they are correct, and present them to the Town Manager by the Monday before the next scheduled payroll.

Failure to use the Town designated time collection system or document accurate time records may result in disciplinary action to the employee beginning with first a warning, then a written reprimand and ultimately dismissal.

307 Full-Time Exempt (Salaried) Employee

An Exempt employee is not required to be paid overtime or receive compensatory time and generally includes executive, professional, and administrative employees. Full-time exempt (salaried) employees are generally entitled to all benefits provided by the Town.

Salaried employees are required to document their work time on the Town designated time collection system. Each Department

Head shall review their department's submitted time and upon completion, certify that they are correct according to Town policy, and present them to the Town Manager by the Monday before the next scheduled payroll.

Failure to use the Town designated time collection system or document accurate time records may result in disciplinary action to the employee beginning with first a warning, then a written reprimand and ultimately dismissal.

308 Scheduling and Working Overtime

Depending on Town needs, employees will be required to work overtime when requested to do so. Prior approval of a Department Head, however, is required before any nonexempt, hourly employee works overtime. Employees working overtime without approval will be subject to disciplinary action. Before overtime is worked, the employee must receive approval from his or her Department Head, utilizing the Town designated time collection system, but such overtime shall not exceed budget allocations. Overtime is considered a condition of employment, and refusal to accept it is cause for discipline, up to and including termination.

309 Time Worked

Approved paid absences, including but not limited to sick leave, vacation leave, holiday leave, FMLA, military leave, jury and witness duty, funeral/bereavement leave, compensatory time off, and voting time off, are not counted as time worked for the purposes of computing overtime.

310 Compensatory Time

The Town allows accrual of compensatory time by nonexempt employees up to 72.50 hours per year in lieu of overtime pay.

Overtime shall be paid at the rate of time and one-half the employee's base hourly rate or compensatory time off at time and one-half for all hours worked over 40 hours per week to all employees who are non-exempt under the FLSA.

311 Salary Basis Policy

The Fair Labor Standards Act (FLSA) is a federal law which requires that most employees in the United States be paid at least the federal minimum wages for all hours worked and overtime pay at time and one-half the regular rate of pay for all hours worked over 40 hours in a workweek.

However, Section 13(a)(1) of the FLSA provides an exemption from both minimum wage and overtime pay for employees employed as bona fide executive, administrative, professional and outside sales employees. Section 13(a) (1) and Section 13(a) (17) also exempt certain computer employees. To qualify for exemption, employees generally must meet certain tests regarding their job duties and be paid on a salary basis at not less than \$684 per week. Job titles do not determine exempt status. In order for an exemption to apply, an employee's specific job duties and salary must meet all the requirements of the Department's regulations.

Salary Basis Requirement

To qualify for exemption from overtime requirements (distinct from the issue of pay frequency), employees generally must be paid at not less than \$684 per week on a salary basis. Employees who work in an executive or administrative capacity must be paid on a salary basis at no less than \$1,124.20 per week (2024), \$1,161.65 per week (2025), or \$1,199.10 per week (2026). These salary requirements do not apply to outside sales employees, teachers, and employees practicing law or medicine. Exempt computer employees may be paid at least \$684 on a salary basis or on an hourly basis at a rate not less than \$27.63 an hour.

Being paid on a “salary basis” means an employee regularly receives a predetermined amount of compensation each pay period on a weekly, or less frequent, basis. The predetermined amount cannot be reduced because of variations in the quality or quantity of the employee’s work. Subject to the exceptions listed below, an exempt employee must receive the full salary for any workweek in which the employee performs any work, regardless of the number of days or hours worked.

Exempt employees do not need to be paid for any work week in which they perform no work. If the employer makes deductions from an employee’s predetermined salary, i.e., because of the operating requirements of the business, that employee is not paid on a “salary basis.” If the employee is ready, willing and able to work, deductions may not be made for time when work is not available.

Circumstances in Which the Employer May Make Deductions from Pay

Deductions from pay are permissible when an exempt employee: is absent from work for one or more full days for personal reasons other than sickness or disability; for absences of one or more full days due to sickness or disability if the deduction is made in accordance with a bona fide plan, policy or practice of providing compensation for salary lost due to illness; to offset amounts employees receive as jury or witness fees, or for military pay; or for unpaid disciplinary suspensions of one or more full days imposed in good faith for workplace conduct rule infractions (see Town Policy on penalties for workplace conduct rule infractions). Also, an employer is not required to pay the full salary in the initial or terminal week of employment; for penalties imposed in good faith for infractions of safety rules of major significance, or for weeks in which an exempt employee takes unpaid leave under the Family and Medical Leave Act. In these circumstances, either partial day or full day deductions may be made.

Town Salary Basis Policy

It is our policy to comply with the salary basis requirements of the FLSA and New York Labor laws. Therefore, we prohibit all Town managers from making any improper deductions from the salaries of exempt employees. We want employees to be aware of this policy and that the Town does not allow deductions that violate the FLSA or New York Labor Law.

What to Do If an Improper Deduction Occurs?

If employees believe that an improper deduction has been made to their salary, they should immediately report this information to their direct supervisor or the Town Manager.

Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed for any improper deduction made.

400 EMPLOYMENT MATTERS

401 Employment at Will

This Employee Handbook is not a contract of employment and does not alter the “employment at will” relationship under State law where applicable. An employee may terminate their employment with the Town of Manlius, at any time, for any reason, or no reason. In addition, the Town of Manlius may terminate the employment of any employee at any time. Such termination must be in accordance with applicable collective bargaining agreements and the Civil Service Law.

402 Personnel Files

The Town has Official Personnel Files on every employee. These files are kept in the Town Managers office. All original documents, except for documents relating to an employee’s medical condition or history, must be part of the employee’s Official Personnel File.

Department Heads are responsible for forwarding all documents related to an employee to the Town Manager for placement in the personnel file.

Employee files are maintained by the Town Manager and are considered confidential. Managers and supervisors other than the Town Manager, Town Attorney, and the Town Supervisor may only have access to personnel file information on a need-to-know basis. A manager or supervisor considering the hire of a former employee or transfer of a current employee may be granted access to the file.

Department Heads may maintain separate files in their offices; however, these files are not considered the Town's Personnel Files. Department Heads are required to provide all documents regarding employees to the Town Manager for a determination as to whether the document is appropriately included in the Personnel File.

Personnel files are to be reviewed in the Town Managers' office. Personnel files may not be taken outside of the Town Managers office.

Representatives of government or law enforcement agencies, in the course of their business, may be allowed access to file information. This decision will be made at the discretion of the Town Manager in response to the request, a legal subpoena, or court order.

Personnel file access by current employees upon request may be permitted at the Town's discretion.

403 Change in Status

Employees are responsible for keeping the information in their Personnel File up to date. Change of name, address, telephone number, personal status, number and age of dependents,

beneficiary designations and individual to notify in case of emergency are very important for insurance, retirement and tax purposes and must be reported immediately. Please notify the Supervisor's office when changes occur in any of these or other matters.

404 Driver's Licenses

Any employee who is required to drive either a Town owned vehicle or his or her own vehicle to conduct business on behalf of the town, must possess at the time of appointment, and must maintain throughout employment,

a valid New York State driver's license. In addition, employees of the Highway Department employed in certain job titles must possess and maintain throughout employment, a valid New York State C.D. L. Class B driver's license.

All levels of driver's licenses must be free from major infractions and acceptable to the Town's insurance carrier. It is the employee's responsibility to notify his or her immediate supervisor of any violations or change in status of their driver's license and the Town reserves the right to require employees to participate in the LENS Program through New York State Department of Motor Vehicles. The Town also reserve right to require employees that must drive a Town owned vehicle in performance of job duties to take and pass a defensive driving class. Proof of this license may be required upon hiring and as requested throughout employment. Loss or change in the status of a driver's license may have an effect on your employment with the Town if your employment requires you to operate a motor vehicle while working.

405 Time Documentation

All non-union employees of the Town are required to document time worked on the Town designated time collection system.

406 Corrective Discipline

It is the policy of the Town of Manlius that certain rules and regulations regarding employee behavior are necessary for the benefit and safety of all employees, the efficient operation of the Town. An employee must conduct oneself in a positive manner so as to promote the best interests of the Town.

Employees covered by Civil Service Law Section 75 shall be disciplined in accordance with the provisions contained therein. The disciplinary action for union employees will be in accordance with the applicable collective bargaining agreement. In normal circumstances, the Town endorses a policy of progressive discipline in which it attempts to provide employees with notice of deficiencies and an opportunity to improve. The Town does, however, retain the right to discipline employees in any manner it sees fit. When appropriate, a counseling session will precede disciplinary action. Progressive discipline will include written warnings, suspension without pay, or termination of employment, depending on the circumstances. The Town does not guarantee that one type of discipline will precede another. Furthermore, the Town reserves the right to suspend an employee while an investigation is conducted.

When a rule, policy, or procedure is violated, the employee's immediate supervisor, or other designated supervisor, will review the specific nature of the violation with the employee. The employee's input is extremely important to ensure that all of the facts have been considered. After such a review, corrective action is discussed with the employee and the management involved.

Employees are given the opportunity to agree or disagree with the results and write a brief statement on the corrective action notice, if desired. However, as a condition of employment, employees are required to sign the corrective action notice to indicate that a discussion of the issue has taken place. Failure to

comply with this policy could result in further disciplinary action, up to and including termination of employment. Employees are entitled to receive a copy of any written notice issued by the Town.

Any employee who, after investigation, is found to have violated the policies, procedures, rules, or regulations outlined in this Employee Handbook or those established by the employee's department or the Town Board, or is found to have engaged in misconduct will be subject to disciplinary action in accordance with this policy, Civil Service Law Section 75, or the collective bargaining agreement, as applicable.

407 Separation from Employment

An employee who intends to resign from employment must submit a written resignation to their immediate supervisor at least two weeks before the date of resignation is to be effective.

Employees receive their final paycheck on the next regularly scheduled payday. The final paycheck includes payment for accumulated vacation benefits, if employees have accrued but unused vacation time.

Upon resignation or termination of employment from the Town, employees will be mailed their final paycheck during the next normal pay period.

Exit Interviews

In order to bring closure to the employment relationship, the Town requires that exiting employees participate in an exit interview regardless of whether the termination of employment was initiated by the employee or employer.

During this meeting, the following topics will be addressed:

- The employee's forwarding address and phone number

- Further details about the employee's reason for leaving or to further explain the reasons for discharge
- Unemployment Benefits
- Insurance coverage or conversion (benefits) including retiree health insurance (if applicable)
- Return of Town property (if applicable)
- Final Paychecks

Other items may be addressed, as needed.

Exit interviews are conducted by the Town Manager and in the Police Department by the Chief of Police.

500 EMPLOYEE BENEFITS

The Town of Manlius provides its employees with a comprehensive, full range of benefits.

. All employees are supplied with booklets containing detailed description of eligibility and benefits, and should refer to these with any questions. Additionally, the Town Manager will help answer any questions employees may have.

Disclaimer

The Town has established a variety of employee benefit programs designed to assist employees and their eligible dependents. This portion of the Employee Handbook contains a very general description of the benefits to which employees of the Town may be entitled. Please understand that this general explanation is not intended to, and does not, provide employees with all the details of these benefits. Therefore, this Handbook does not change or otherwise interpret the terms of the official plan documents. Final decisions pertaining to employee benefits should be determined only by referring to the full text of the official plan documents, which are available for examination upon request to the Town

Manager. To the extent that any of the information contained in this Handbook is inconsistent with the official plan documents, the provisions of the official documents will govern in all cases.

Please note that nothing contained in the benefit plans described herein shall be held or construed to create a promise of employment or future benefits, or a binding contract between the Town and its employees, retirees or their dependents, for benefits or for any other purpose. All employees shall remain subject to discharge or discipline to the same extent as if these plans had not been put into effect.

As in the past, the Town reserves the right, in its sole and absolute discretion, to amend, modify or terminate, in whole or in part, any or all of the provisions of the benefit plans described herein, including any health benefits that may be extended to retirees and their dependents. Further, the Town reserves the exclusive right, power and authority, in its sole and absolute discretion, to administer, apply and interpret the benefit plans described herein, and to decide all matters arising in connection with the operation or administration of such plans.

For more complete information regarding any of the Town's benefit programs, please refer to the Summary Plan Descriptions which are provided separately or contact the Town Manager.

501 Wage and Salary

Rate of Pay - An employee's rate of pay will be established by the Town Board or pursuant to a collective bargaining agreement ratified by the Town Board, as applicable.

Merit Increases - An employee may receive a pay increase based upon the employee's performance and work history. The merit increase will be granted at the discretion of the Town Board.

Union Employees - An employee who is a member of a collective bargaining unit is not covered by the Wage and Salary provisions set forth in this Handbook. Employees covered by a separate collective bargaining agreement should refer exclusively to their respective agreements for specific information on the provision of wages.

502 Medical Benefits

It is the policy of the Town to offer group health/dental and vision insurance benefits to all full-time employees based on the eligibility criteria of the Town's chosen health plan (the "Plan"), which may change from time to time. The Town Board will set the split for employer and employee contributions at the annual meeting of the Board.

Eligibility: All full-time employees become eligible on the first day of the month following the date of active employment. Benefits are made available to eligible dependents at that time also. Employees should refer to the Plan booklet in order to determine dependent eligibility. Retired employees shall be eligible for health insurance benefits if they were enrolled in the Plan at least two (2) years prior to retirement and are collecting a pension from the New York State Retirement System. Retirees are eligible for single coverage at the current non-union premium rate for single coverage. Retirees are eligible to elect family coverage and their premium for a family plan will be the entire cost of a single plan premium, plus the current non-union premium rate for single coverage. The retirees surviving spouse may continue single coverage with the Town at one hundred percent of the single plan cost.

Notification Change of Status: If a change occurs in the family status of an employee due to marriage, birth of a child, adoption, divorce or death, the employee is responsible to notify the Town Manager within 31 days of the date of said change.

Waiver: An eligible employee who chooses not to enroll will be required to sign a written waiver indicating that he/she has been offered the insurance but chooses not to participate. Employees, including retirees, have the option to receive payment in lieu of health insurance coverage. The monthly payment to said employee or retiree shall be \$150/per month for those otherwise eligible for family coverage or \$100/per month for those otherwise eligible for single coverage. The employee or retiree must submit a statement verifying they have obtained insurance through other means.

Elected Officials: Elected officials shall be considered full-time employees for the purposes of health/dental/vision insurance benefits.

Reservation of Right: The Town of Manlius reserves the right to modify, revoke, suspend, change, or terminate the employee and/or retiree medical benefit plan in whole or in part including contribution levels at any time within the Town's sole discretion.

Leaves of Absence: If an employee is on a medical leave of absence pursuant to Family Medical Leave Act, NYS Disability, Military Leave or Workers' Compensation Law, the Town will continue the employee's health benefits and premium contributions during the leave period at the same level and under the same conditions as if the employee continued to work. In the event that the employee on medical leave remains on the Town's payroll, the Town will continue to make payroll deductions to collect the employee share of the premium. In the event that the employee on medical leave is not on the Town's payroll, the Town shall forward to the employee an invoice for the employee's share of the premium, which shall be paid by the employee to the Town within fifteen (15) days of receipt by the employee.

Please contact the Town Manager for more details.

503 Flexible Spending Account

The Town offers a Flexible Spending Account Plan for expenses that are not covered, in full, by the Group Medical Plan.

Participation in this Plan allows employees to reduce their tax liability and to be reimbursed for qualifying expenses ranging from vision and dental care to routine medical visits and insurance deductibles. Under this Plan employees may contribute to their personal Reimbursement Account with pre-tax dollars deducted from their paycheck.

Employees may enroll, change contribution levels, or cease participation in the Plan during an annual open enrollment period or if they have a change in family status.

504 Continuation of Benefits (COBRA)

This section of the handbook contains important information about Employees' rights to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This section generally explains COBRA continuation coverage, when it may become available to employees and their families, and employees need to do to protect the right to receive it. Generally, COBRA offers full-time employees, spouses and dependent children the ability to continue existing health insurance coverage completely at their own expense under certain qualifying conditions. Employees must be enrolled in the Town's health insurance plan at the time the qualifying condition occurs. Employees with questions regarding continuing or converting group health insurance should contact the Town Manager. The right to COBRA continuation coverage is guaranteed under federal law pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Continuation of COBRA coverage can become available to employees when, they would otherwise lose their group health insurance coverage. It can also become available to employees' family members who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about these rights and obligations under the Plan and under federal law, employees should review the Plan's Summary Plan Description; Employees may also choose to contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this Handbook and in applicable Plan documents. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." Employees, their spouse, and their dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

Employees will become a qualified beneficiary if they lose coverage under the Plan because either one of the following qualifying events happens:

- The employee's hours of employment are reduced, or
- The employment ends for any reason other than the employee's gross misconduct.

An employee's spouse will become a qualified beneficiary if they lose coverage under the Plan because any of the following qualifying events happens:

- The employee dies
- The employee's hours of employment are reduced
- The employee's employment ends for any reason other than their gross misconduct
- The employee becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- The employee and the employee's spouse become divorced or legally separated.

Employees' dependent children will - become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies
- The parent-employee's hours of employment are reduced
- The parent-employee's employment ends for any reason other than their gross misconduct
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a "dependent child."

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

Employees Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), employees must notify the Plan Administrator within 60 days after the qualifying event occurs. Employees must provide this notice to the Town Manager .

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation

coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), their divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare

entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event

(36 months minus 8

months). Otherwise, when the

qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA

continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If the employee or employee's covered family member is determined by the Social Security Administration to be disabled and the employee notifies the Plan Administrator in a timely fashion, the employee and their entire family may be entitled to receive up to an additional 11 months of COBRA continuation

coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.

Second qualifying event extension of 18-month, period of continuation coverage

If an employee's family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the employee's spouse and dependent children can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan Administrator. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Keep the Plan Informed of Address Changes

Employees should keep the Plan Administrator informed of any changes in the addresses of family members in order to ensure they receive the benefits guaranteed under the Plan. Employees should also keep a copy, for their records, of any notices they send to the Plan Administrator.

505 Sick Pay Policy

Full-time employees are eligible for sick pay after 90 days of employment. Sick time may be used when an employee is ill, sick, is caring for sick or ill family member, or has medical appointments for themselves or a family member. Part-time or seasonal

employees are not eligible for paid sick time. Daily sick pay shall be defined as the sum of money equal to the employee's regular wage for an employee's regular workday. Each full-time employee shall be entitled to daily sick pay for each day of illness to a maximum of five (5) per calendar year, which automatically accrue on

January 1 of each year. An employee may roll over a maximum of the number of sick days not used within one (1) calendar year up to a maximum of sixty (60) days. Employees are not entitled to accrue sick pay if they are on Disability or Workers' Compensation. The annual sick pay accrued on January 1 shall be reduced on a pro rata basis for the time the employee is on Disability or Workers' Compensation. The Town reserves the right to request a doctor's note for illnesses for more than two (2) consecutive

days. Accrued but unused sick pay will not be paid to employees at termination.

An employee calling in sick is expected to call their immediate supervisor in advance of their scheduled work time. An employee who fails to follow this policy may be subject to disciplinary action and will not be reimbursed for the sick time requested.

Separation Sick Allowance: In the event an employee leaves Town service and has used all of the potential sick time they may accrue for that year, the employee shall reimburse the Town on a pro rata basis for the time-taken yet not earned.

507 Deferred Compensation Plan

Please contact the Town Manager for additional details on the Town's deferred compensation plan.

508 Vacation Policy

A new full-time employee is eligible for one week vacation upon the completion of at least 90 consecutive days of employment. For such an employee, the subsequent January 1 following commencement of employment shall be considered the second (2nd) calendar year of service for said employee as it relates to the accrual of vacation time.

Thereafter, on January 1 of each year, vacation shall be earned and accrue during the course of the year to employees as follows:

<u>Years of Service</u>	<u>Weeks of Vacation</u>
1 year	1 week
2 to 5 years	2 weeks

16 to 20 years	5 weeks
21 or more years	6 weeks

There is no accumulation of vacation time beyond the calendar year. An employee shall be paid for five (5) days at the regular wage for each week of vacation.

The Town will specify when vacation may be scheduled. Vacation time will be based on a seniority system and days off will be reviewed and approved at the discretion of the employee's supervisor. Election of vacation periods within the specified months will be controlled by the seniority system and the Town will make every effort to accommodate each employee's request within the

seniority system. Department Heads shall provide a schedule of vacation time, on the Town designated time collection system, for its employees to the Town Manager upon approval of vacation time by the Department Head.

The annual vacation, pay accrued yet not earned on January 1 shall be reduced on a pro rata basis for the time the employee is on Disability or Workers' Compensation.

Separation Vacation Allowance: In the event an employee leaves Town service and has used all of the potential vacation time they may accrue for that year, the employee shall reimburse the Town on a pro rata basis for the time taken yet not earned.

509 Short Term Disability Benefits

Employees should report the need for any absence to their immediate supervisor in accordance with established policies for absenteeism. Short-term disability benefits are payable to eligible employees for non-work-related injuries and/or illnesses. Generally, benefits begin after seven (7) days of disability and are payable for up to a maximum of twenty-six (26) weeks. If the employee returns to work after a period of disability and the disability recurs within 90 days, the employee will be eligible to receive short-term disability benefits without having to comply with the seven day waiting period. Accrued sick time will be utilized for

each day of disability payments unless the employee is concurrently taking FMLA and disability leave.

Benefits under this disability program are generally one half of the employee's weekly wage, up to a maximum of \$170 per week. Employees of the Town are paid the full pay as an additional benefit and the Town recoups the \$170 per week (or whatever is provided by the carrier). In order to receive full pay, employees must provide current medical information to the Town or carrier as required. A disability claim form, which can be obtained from the Payroll Department, must be filed with the Payroll Department within 20 days after becoming disabled.

A short-term disability leave must be certified by a physician's or licensed health care professional's statement identifying the nature of the disability and stating or estimating the date when the employee will be able to return to work.

Department Heads are required to report any absences and request of payment of any short-term disability to the Town Manager as soon as notified by an employee. ***In no case will the payments made by the Town exceed twenty-six weeks, which is the current duration of state disability payments.***

The Town is committed to preventing workplace violence and, to maintaining a safe work environment. Given the increasing violence in society in general, the Town has adopted the following guidelines to deal with intimidation, harassment, or other threats of (or actual) violence that may occur during business hours or on its premises.

All employees, including supervisors and temporary employees, should be treated with courtesy and respect at all times. Employees are expected to refrain from fighting, “horseplay,” or other conduct that may be dangerous to others. Firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises of the Town without proper authorization.

Conduct that threatens, intimidates, or coerces another employee, a customer, or a member of the public will not be tolerated. This prohibition includes all acts of harassment, including harassment that is based on an individual’s sex, race, age, sexual orientation or any characteristic protected by federal, state, or local law.

All threats of (or actual) violence, both direct and indirect, should be reported as soon as possible to an employee’s immediate supervisor or any other member of management. This includes threats by employees, as well as threats by customers, vendors, solicitors, or other members of the public. When reporting a threat of violence, the employee should be as specific and detailed as possible.

All suspicious individuals or activities should also be reported as soon as possible to a supervisor. Employees should not place themselves in a position of peril. Employees should not take it upon themselves to intervene in any dangerous workplace disturbance.

The Town will promptly and thoroughly investigate all reports of threats of (or actual) violence and of suspicious individuals or activities. The identity of the Town employee making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, the Town may suspend employees, either with or without pay, pending investigation.

Anyone determined to be responsible for threats of (or actual) violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment.

The Town encourages employees to bring their disputes or differences with other employees to the attention of their supervisors or the Town Manager before the situation escalates into potential violence. The Town requests that employees provide advance notice of their service obligations to their supervisor, unless military necessity makes advance notice impossible. Military orders should be presented to the employee's supervisor and arrangements for leave made as early as possible before the beginning of leave.

If eligible for Town benefits, an employee may continue to accrue such benefits during the period of military leave in accordance with state and federal law.

Retaliation against an employee who requests leave under this policy is strictly prohibited. Additional information regarding military leave may be obtained from the Town Manager.

FMLA leave will be provided as required by law.

707 Jury Duty

The Town will provide time off for required jury duty involvement. Employees who are summoned for jury duty must provide a copy of the summons to their Department Head (or the Town Manager) as far in advance as possible to allow for coverage. Pursuant to New York State law, the Town will pay the first \$40.00 of that employee's daily wage for the first three days of jury service During the jury duty period. \$40.00 per day for a juror's service for any days that the Town does not pay (i.e., after the third day of jury service).

In these instances, employees are allotted time to return home and prepare themselves for work. The Town understands the demands of jury service and wants to ensure that employees are able to perform their responsibilities. However, it is important that employees do not take advantage of this situation and show consideration for fellow employees by completing work responsibilities to the extent possible.

708 Voting Leave

- Seek medical attention.
- Obtain services from a domestic violence shelter.
- Obtain psychological counseling.
- Participate in safety planning to mitigate the risk of future violence.
- Obtain legal services or assist prosecutors.

Leave under this policy will be charged to the employee's accrued vacation, if any. If the employee does not have any accrued vacation, leave under this policy will be unpaid.

In all cases, however, the Town will engage in an interactive dialogue with the employee. The Town will not retaliate against any employee requesting or taking leave under this policy.

the employee or employee's child is undergoing counseling related to domestic violence.

710 Witness and Victims of Crime Leave Policy

Occasionally, employees may be the victims of a crime or legally compelled to attend a judicial proceeding as a witness. In these circumstances, an employee's attendance at work will be excused if the employee is a victim of a crime and attending or participating in legal proceedings pertaining to the crime (including consulting with the district attorney handling the prosecution) or if the employee is legally compelled to attend a judicial proceeding as a witness. Employees must notify their supervisor or Department Head immediately of their need for leave under this policy.

The Town reserves the right to request verification of the employee's participation in legal proceedings, such as a copy of the summons or subpoena.

For non-exempt employees, leave under this policy will be unpaid (except when an employee is serving as a witness or asked to appear in court on behalf of the Town), unless the employee chooses to use their accrued PTO time. Employees may choose to use available PTO time (if applicable) in lieu of unpaid leave. Any leave that is accrued, but not used, will not carry over to the next calendar year

Exempt employees may be provided time off with pay when necessary to comply with state and federal wage and hour laws. Retaliation against an employee who requests leave under this policy is strictly prohibited.

712 Family and Medical Leave Act

The Town complies with the provisions of the Family and Medical Leave Act (FMLA). The following is an outline of the basic provisions of the law. The granting of any such leave shall be subject to the provisions of the applicable law and regulations. ***All requests for FMLA leave must be made to the Town Manager.***

Overview of the FMLA:

1. Employees must provide information requested on the Town of Manlius FMLA approval form, which outlines individual employee eligibility requirements.
2. An eligible employee is defined as an employee of the Town for at least twelve (12) months before the leave request (these need not be consecutive), who has worked for at least 1,250 hours during the previous 52 weeks prior to the date leave commences.

3. An eligible employee must be employed at a work site where 50 employees are employed within a 75-mile radius of each work location.
4. An eligible employee may request leave for the birth of their child or adoption of a child by the employee, or a child's placement with the employee for foster care.
5. An eligible employee may request leave when the employee's spouse, child or parent has a serious health condition and requires care from the employee.
6. Eligible employees may request leave for their own serious health condition. A serious health condition is defined as a chronic illness, impairment, or physical or mental condition that involves:
 - o Inpatient care in a hospital, hospice, or residential medical care facility.
 - o Any period of incapacity lasting more than three calendar days that also involves continuing treatment by a health care provider.
 - o Continuing treatment by a "health care provider" for a serious chronic health condition which, if left untreated, would likely result in an absence from work of more than three (3) days, and for prenatal care.
 - o Examples of a serious health condition include: heart attacks, heart conditions, cancers, back conditions requiring extensive therapy, or surgical procedures.

- o Examples of a chronic illness include: asthma, diabetes, epilepsy or other chronic illnesses as defined in the FMLA regulations.
- 7. FMLA gives eligible employees of the Town the right to a maximum 12 weeks (defined by employee's normal work week) of job-protected unpaid leave. Based on a rolling 12-month period measured forward from the first date leave is used.
- 8. Current eligible accrued paid days such as paid vacation, sick days, personal days and other aid days must be used first, and are part of the maximum 12 weeks unless the employee is concurrently receiving Workers' Compensation or New York statutory short-term disability benefits. The remaining days of qualified FMLA leave will be unpaid. Thus, employees certified and designated as on FMLA must first apply to such leave all current eligible accrued paid days off such as vacation, sick, and personal days. After accrued paid time off is exhausted, employees will be on an unpaid leave for the remainder of the applicable 12 week period. Note: Accrued paid days off will not be applied while an employee is on workers compensation or disability leave but such leave shall count toward the maximum 12 week period. Paid time off may be applied during any remaining portion of the FMLA period if disability or workers compensation leave ends but the employee continues to be eligible for FMLA leave.
- 9. During the leave period, the Town will continue employee benefits, such as group life insurance, health insurance, disability insurance, and pensions. However, all employee contributions must be paid by the employee on a timely basis in order to maintain the benefit of continuous coverage. Contributions are at the same level as if the employee was working.

Coverage will cease if payments are not made within a 30-day grace period of the due date.

10. Accrued paid time off such as vacation, personal, and sick days will accumulate while on FMLA.
11. Unless there are unusual circumstances such as sudden changes in health, the Town expects employees to give a thirty (30) day or more notice of their intent to take leave. Employees are expected to maintain contact to continually update their status as it is related to FMLA eligibility.
12. A certification issued by a health care provider will be required to support an employee's request for leave. When required, the employee must provide a copy in a timely manner. This certificate must include:
 - a. The date of the condition
 - b. It's probable or estimated duration
 - c. Appropriate medical facts; and
 - d. An assertion that the employee is unable to perform their essential job functions or that they require leave to care for a sick family member (or themselves) for a specified period to time.

The Town reserves the right to request a second opinion by another health care provider designated or approved by the employee. The Town will pay for the second opinion, which will be rendered by a health care provider other than one used on a regular basis by the Town. In the event of a conflict between the first and second opinions, the Town may, again at its own expense, obtain a third opinion from an additional health care provider approved jointly by the Town and the employee. This third opinion will be final and binding.

13. Certification by an appropriate agency will be required for birth, adoption or foster care.
14. Employees returning to work have the right to be placed in the job position they held when they went on leave, or in an equivalent position with equivalent benefits, pay and other terms and conditions of employment. The Town can exempt the highest paid 10 percent of its otherwise eligible employees from a guarantee of return to work in their pre-leave position.
15. Employees who wish to return to work earlier than anticipated or requesting an extension of leave time, must notify the employer within two business days of the change in circumstances requiring more or less time.
16. All requests and approvals for leave under the Family and Medical Leave Act must be made through the Town Manager on the appropriate forms. This policy applies only as long as the Town employs 50 or more workers within 75 miles of the employee's work site.
17. All leaves taken under Disability and Workers' Compensation will invoke the Family and Medical Leave Act.
18. If an employee fails to return to work after the leave period has expired, the Town may recover the premium that it paid for maintaining the coverage during any period of the unpaid leave except for the following circumstances:
 - a. The continuation, recurrence, or onset of a serious health condition of the employee or the employee's family member with proper medical certification.
 - b. Circumstances beyond the employee's control, i.e., parent chooses to stay home with a newborn child who has a serious health condition; an employee's spouse is

unexpectedly transferred to a job location more than 75 miles from the employee's work site; a relative or individual other than an immediate family member has a serious health condition and the employee is needed to provide care; the employee is laid off while on leave.

c. The Town will consider any individual circumstance of an employee failing to return to work at the end of a qualified period of FMLA leave based on the then current FMLA regulations.

19. An employee may not be employed elsewhere while on an approved FMLA leave.

20. Before resuming employment, the employee must submit a statement from their health care provider, indicating whether they can return to work without restrictions. Failure to return to work when required could be considered a voluntary termination.

712A Paid Parental Leave

- Leave may be taken in a continuous block or in daily shift increments.

- Any unused paid parental leave expires 12 months after the qualifying event and will be forfeited.

Unpaid leaves of absence must have a request submitted in writing to the employee's immediate Supervisor, with final approval left to the discretion of the Town Supervisor.

The Town will allow employees to take unpaid time off for, bereavement, military duties, emergency responder duties leave, victims of domestic violence, for victims and witnesses of crimes, to donate bone marrow or blood or to attend a breast cancer or prostate cancer screening. Please see the Town Manager regarding details pertaining to leaves for these reasons.

714 Religious Accommodation

The Town acknowledges that an employee may desire to take time off from their scheduled work hours for religious observance days. The Town will make reasonable accommodations to employees who request, in writing, to their immediate supervisor, to take time off for special religious observances. Time off will be charged against vacation or personal leave, or the time off will be unpaid.

Departures from these requirements may be considered by the Town with respect to religious accommodations where the burden incurred by the Town is substantial in the overall context of the Town's business. .

800 SAFETY

801 Safety Procedures

To be successful, a safety program must have awareness toward injury and illness prevention on the part of all employees. It also requires cooperation in all safety and health matters. Only through such a cooperative effort, can a safety program be administered. The Town's objective is to reduce the number of injuries and illnesses to an absolute minimum. The safety program includes, but is not limited to, the following:

- Providing mechanical and physical safeguards to the maximum extent possible.
- Conducting inspections to find and eliminate unsafe working conditions or practices, to control health hazards, and to comply fully with the safety and health standards for every job.
- Training for all employees in good safety and health practices, including use of the AED.
- Providing necessary personal protective equipment and instructions for its use and care.

- Developing and enforcing safety and health rules and requiring that employees cooperate with these rules as a condition of employment.
- Investigating, promptly and thoroughly, every accident to find out what caused it and to correct the problem so that it won't happen again.

First Aid kits and fire extinguishers are provided in various locations throughout the Town's buildings.

Accident Plan

In the case of an accident, employees should stop work immediately and take the following steps:

1. Eliminate the cause of the accident.
2. Provide aid to the injured person.
3. Call your immediate supervisor immediately. If the accident appears serious, call an ambulance.
4. Take steps to prevent a second accident.
5. Promptly prepare and submit a written accident report with the full details of the employee's accident to their immediate supervisor.

To protect all employees and to safeguard equipment and property, it is the Town's policy that no employee will perform any type of work until they fully understand the correct operation and possible hazards involved, safety procedures, and the necessity of safety equipment. Accidents can be prevented through use of reasonable precautions and the practice of safe working habits.

802 OSHA and Safety

The Federal Occupational Safety and Health Act (OSHA) is designed to provide a safe work environment and eliminate unsafe conditions. All OSHA directives must be carried out.

Any suspected safety hazard should be immediately brought to the attention of the employee's immediate supervisor or Department Head.

803 Hazard Communication Program

The Town, considers Hazard Communication and the prevention of work place injuries and illnesses to be of prime importance. Accident control involves the safety and well-being of Town employees.

The Town is committed to providing a safe and healthy working environment. Accordingly, the Town complies with all Federal, State, and local laws regarding hazard recognition, accident prevention, and working conditions.

This portion of the Town's comprehensive safety program has been prepared to comply with the requirement of Title 29 of the Code of Federal Regulations § 1926.59. It is intended to ensure that all information necessary for the safe use, handling and storage of hazardous chemicals be made available to employees.

The following are guidelines for the identification of chemical hazards and the preparation and proper use of containers, labels, placards, and other types of warning devices.

Chemical Inventory

The Town maintains an inventory of all known chemicals in use; employees may request a list of chemicals from their supervisor.

Container Labeling

All chemicals on-site will be stored in their original or approved containers with proper labels attached. Any container not properly

labeled shall be given to the employee's supervisor for labeling or proper disposal.

Workers may dispense chemicals from original containers only in small quantities intended for immediate use. Any chemical leftover must be returned to the original container or to the supervisor for proper handling.

No unmarked containers of any size are to be left in the work area unattended.

The Town will rely on manufacturer-applied labels whenever possible, and will ensure that these labels are maintained. The Town will relabel containers that are not labeled or on which the manufacturer's label has been removed.

The Town will ensure that each container is labeled with the identity of the hazardous chemical contained and any appropriate hazard warnings.

Safety Data Sheets (SDS)

Employees working with a hazardous chemical may request a copy of the Safety Data Sheet (MSDS). SDSs are available on file. A standard chemical reference is also available to provide immediate reference for chemical safety.

Employee Training

Employees will be trained to work safely with hazardous chemicals. The Town's training includes methods that may be used to detect a release of a hazardous chemical in the work place; physical and health hazards of chemicals; protective measures to be taken; safe work practices; emergency responses; and use of personal protective equipment. The Town will also provide information on the Hazard Communication Standard including labeling and warning systems and an explanation of Safety Data Sheets.

Personal Protective Equipment (PPE)

Employees may obtain required Personal Protective Equipment (PPE) from their Department Head. Employees may be required to wear special safety equipment as directed by their immediate supervisor. Employees must comply with the immediate supervisor's request. Any employee who does not follow the immediate supervisor's instruction is in violation of PPE requirements and will be subject to disciplinary action.

Depending on job duties, employees must routinely wear protective devices, such as gloves, as directed by the employee's supervisor.

Emergency Response

Employees must report any incident of overexposure or spill of a hazardous chemical/substance to their immediate supervisor at once.

The immediate supervisor will be responsible for ensuring that proper emergency response actions are taken in leak/spill situations.

Hazards of Non-Routine Tasks

Immediate supervisors will inform employees of any special tasks that may arise which would involve possible exposure to hazardous chemicals.

Review of safe work procedures and use of required PPE will be conducted prior to the start of these tasks. Where necessary, areas will be posted to indicate the nature of the hazard involved and any unique concerns regarding the handling of certain materials.

900 COMMUNICATION PROCEDURES

901 Communication Between Employees and the Manlius Town Board

It is inevitable that employees of our Town will have concerns, criticism and constructive comments. The Town Board welcomes communications with all employees. Accordingly, the Town has established the following informal procedure for employees:

1. Go to the Department Head and review concerns or ideas as a first step. Many times a question can be resolved or a new idea can be implemented by the Department Head.

2. If the employees is not satisfied with the response from their Department Head, the matter can be brought before the Town Manager or the Town Supervisor.

Bulletin boards are located in the Highway Department, Police Department, Town Clerk's office, and public meeting locations. The Town urges all employees to periodically review the information posted.

902 Solicitation, Distribution, and Use of Bulletin Boards

The Town prohibits the solicitation, distribution and posting of materials on or at Town property by any employee or non-employee except as may be permitted by this policy. The sole exceptions to this policy are charitable and community activities supported by the Town.

Non-employees may not solicit employees or distribute literature of any kind on Town premises at any time. Employees may only admit non-employees to work areas with management approval or as part of a Town-sponsored program. Visits by non-employees should not disrupt workflow. Former employees are not permitted onto Town property except for official business, or as otherwise permitted, in writing, by the Town Supervisor.

Employees may not solicit other employees while on working time, except in connection with a Town approved or sponsored event.

Employees may not distribute literature of any kind while on working time, or in any work area at any time, except in connection with a Town-sponsored event. This provision, is not, however, intended to limit any rights guaranteed to employees under Section 7 of the National Labor Relations Act.

The posting of materials or electronic announcements are permitted with approval from the Town Manager. Violation of this policy should be reported to the Town Manager immediately.

Bulletin boards are located throughout the Town's buildings for the purpose of communicating information to employees. Employees should check the bulletin boards frequently to keep informed on changes in employment matters and other items of interest. Employees may not post memorandums or announcements on any Town bulletin board without prior approval from the applicable Department Head or the Town Manager.

903 Adverse Correspondence

Employees are to report, to their Department Head, any memos, fax messages, emails, letters, telegrams, legal notices, summons, or other forms of communication of a negative nature.

Employees receiving complaints from Town residents of unfair treatment or expressions of anger and/or dissatisfaction are to notify their immediate supervisor who will take action immediately.

904 Public Relations

The courteous, professional treatment of members of the public by all employees helps to build confidence among the taxpayers we serve. We ask that all employees make every effort to represent the Town in a polite and professional manner.

905 Media Relations

Communication with news reporters and other journalists is, at times, sensitive in nature. Therefore, contact with the media may be handled only by designated managers.

Any telephone calls or visits from members of the media should be directed to the Supervisor's office. Employees may not discuss any business related matter with the media.

MESSAGE FROM THE TOWN SUPERVISOR

The ultimate success of any organization is directly related to the success of each person contributing on a day-by-day basis. It is our sincere hope that every employee of the Town feels they are an integral part of our operations and our community.

Thank you for taking the time to read this handbook. Please contact my office at any time with your comments or questions.

Employee Handbook Appendix A

Acceptable Use of Town Communication/Electronic Equipment ("AUP")

The Town of Manlius makes every effort to provide the best available technology to those employees performing services for the Town. In this regard, the Town of Manlius has installed, at substantial expense, equipment such as computers, electronic mail, Internet, and voice mail. This policy sets forth procedures for the proper use of the Town's communication equipment.

Town property, including computers, electronic mail and voice mail, should only be used for conducting Town business. Personal use of the Town's computers is prohibited and the Town may monitor the use of said equipment.

The communications systems owned by the Town, including e-mail, voicemail, telephones, cell phones, PDA etc., should be used for business purposes. The contents of any communications transmitted through or stored within these systems constitute Town property and are subject to review by and disclosure to the Town. Furthermore, in some situations (e.g. litigation involving the Town) these communications may be subject to disclosure to a third party. Under no circumstances may any voice-mail or e-mail, originating at the Town or intentionally received at the Town, be in violation of the letter or spirit of the Town's policies concerning equal employment opportunity, sexual harassment or be of a nature that may create a hostile work environment. Employees who encounter such material on Town computers should immediately report it to the Department Head or Town Manager.

In order to ensure that the systems are being used properly and in compliance with this policy, the Town, without notice, may periodically access, display, copy or listen to any messages or communications sent, received, created, or stored through or in its systems.

The Town permits **limited** personal use of these communications tools with the express understanding that it reserves the right (for its business purposes or as may be required by law) to review all use of, and to inspect all material created by or stored on, the communications tools. Such use may not interfere with Town business. Use of these tools constitutes your permission for the Town to monitor communications and to access files that are made on or with these tools. The fact that employees or appointees may be permitted to choose their own passwords does not imply that they have any justifiable privacy expectations in the material protected by password. All messages sent or received over voicemail or the Internet and/or stored on Town servers or Town-owned computers are subject to review by the Town at its sole discretion.

These systems should not be used to transmit material likely to embarrass, harass or offend other persons, either inside or outside of the Town. Additionally, the Town strictly prohibits the use of its systems to communicate sexually offensive material, comments or anything which might offend or disparage another because of gender, race, sexual orientation, age, national origin, religion or political belief.

Consistent with existing policies, use of the systems for purposes of solicitation is not permitted.

Employees are prohibited from using the passwords or codes of another employee in order to gain access to that employee's e-mail or voice mail communications unless first authorized, in writing, to do so by that employee or unless first authorized by the Town. All passwords and codes used in connection with these systems are the property of the Town.

Any violation of this policy may result in disciplinary action which could include dismissal from employment.

Personal Calls

Much of the Town's business is transacted by telephone. The telephone equipment is provided for the purpose of providing service

to the public and for business operations. Employees must limit outgoing or incoming personal calls to an absolute minimum.

Wireless (Cell) Phones

While at work, employees are expected to exercise the same direction in using personal wireless phones as other Town phones. Personal calls during the work day as well as loud or custom ring-tones can interfere with employee productivity and be distracting to others. The Town encourages employees to limit personal calls during work time, make personal calls on non-work time when possible and to ensure that family and friends are aware of the Town's policy. Like all personal property, the Town will not be liable for the loss of personal wireless phones brought into the workplace.

Safety

Employees whose job responsibilities include regular or occasional driving and who use a wireless phone for business use are expected to refrain from using their phone or sending or receiving e-mails or text messages while driving. Safety must come before all other concerns. Regardless of the circumstances, employees are strongly encouraged to pull off of the road and safely stop the vehicle before placing or accepting a call. If this is not possible, employees are expected to use only hands-free options, refrain from discussion of complicated or emotional matters and keep their eyes on the road. Special care should be taken in situations where there is traffic, inclement weather or unfamiliar areas. Under no circumstances are employees permitted to place themselves in jeopardy of physical harm.

Employees who are charged with traffic violations resulting from the use of their phone while driving will be solely responsible for all liabilities that result from such actions. Violators of this policy may be subject to disciplinary action.

Electronic Mail (e-mail)

Electronic mail is not private and information should not be communicated by e-mail unless the employee would be willing to send that same information by facsimile or regular mail. All email

communications should be written in the style and manner, including grammar and proper decorum that the employee would employ in sending hard copy communications.

Storage and Permanence

Keep in mind that it is very difficult to delete e-mail from a system, either the Town's or the recipient's. Pressing the delete button may delete the e-mail from an employee's computer screen but does not necessarily delete it from the server. E-mail is routinely backed-up and deletion from a server does not necessarily delete it from the backup files.

Downloading/Personal Software

To protect the Town's computers from viruses, downloading of software, particularly executable files (usually indicated by .exe file extension), is prohibited. The Town has acquired and maintains a firewall between its network and the Internet. This Firewall guards against unwanted viruses. If a computer is connected to the Town's network, employees should access the Internet only in the manner enabled by the Town's IT group. Any other method of Internet access will nullify the security measures the Town has in place. It is also possible to carry a virus from another computer via a disk or file obtained from another computer. This includes saving or downloading from memory cards or other portable electronic storage devices. If employees suspect their computer may have been affected by a virus, they must contact IT immediately.

Laptops

The Town may, at its discretion, issue laptop computers to various individuals within the Town. Laptop computers are subject to the same provisions as desk-top computers outlined separately in this policy. Employees issued laptop computers will be held accountable for the safety and security of the device. In addition to general security provisions, employees issued lap-top computers are also responsible for meticulous guarding of the confidentiality of information. Care should always be taken to minimize the likelihood that confidential information is compromised in any way. Breaches of confidentiality will be considered a performance issue. Employees may face discipline up to

and including termination for the improper disclosure of the Town's confidential information.

Confidential Information Policy

The Town limits disclosure of its Confidential Information to:

- Employees with a need to know in order to perform their jobs.
- Third parties requiring the information for a legitimate business purpose, including:
 - prospective suppliers, vendors, and customers; and
 - individuals and companies contemplating a joint venture or other business relationship with the Town.

- If an employee's authorized job duties require sharing Confidential Information with a third party, the employee must not do so until the employee receives advance consent, in writing, from the Town Manger.

This policy does not prohibit or restrict any employee from initiating communications with, responding to any inquiry from, or providing testimony before the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), any other self-regulatory organization, or any other state or federal regulatory authority regarding a possible securities law violation.

Any employee who is unsure whether information should be kept confidential should always check with the Town Manager before disclosing the information or taking any other action.

All employees are required to comply with the terms of this policy. Any employee who violates this policy may be subject to disciplinary action, up to and including termination of employment with the Town.

Personal Equipment

Employees are prohibited from using or maintaining any personal electronic equipment for Town business. Only Town issued equipment may be used for Town business. Personal computers are not permitted on Town property during the work day.

Copyrighted Materials

Reproducing copyrighted materials is governed by the Copyright Act of 1976 codified at 17 United States Code. The Town does not condone the unauthorized reproduction of copyrighted materials, in any format. Compliance with the Copyright Act is the individual responsibility of every employee. Employees seeking to reproduce copyrighted materials must obtain prior written authorization from the Town.

Internet Use

Access to the Internet is provided for the benefit of the Town and its residence. Each person using the Internet is responsible for maintaining and enhancing the Town's public image and for furthering and protecting the interests of the Town. The Internet is a business tool which must be used in a productive manner. To ensure the proper use of the Internet each user must adhere to the following policy.

Access to the Internet is provided for use in conjunction with the Town's business and your job responsibilities. Employees' use of this tool is subject to this policy and to all other policies and procedures. Internet usage is subject to Town inspection. In addition, the Town has the capability to obtain lists of web sites viewed by individual employees, which will be monitored. Employees should be aware that the Town's firewall and other security tools create an audit log detailing every request for access in either direction by each user.

The use of the Internet facilities by any employee must be consistent with the Acceptable Use Policy.

Principles of Acceptable Use

- To respect the privacy of other users. Users shall not intentionally seek information on, obtain copies of, or modify files or data, belonging to other users, unless explicit permission to do so has been obtained.
- To respect the legal protection provided to programs and data by copyright and license.
- To protect data from unauthorized use or disclosure as required by State and Federal laws and Town of Manlius regulations.
- To respect the integrity of computing systems. Users shall not use or develop programs that harass other users or infiltrate a computer or computing system and/or damage alter the software components of a computer or computing system.
- To safeguard their accounts and passwords. Accounts and passwords assigned to single users are not to be shared with any other person without authorization as it compromises the security of the network. Users are expected to report any observations of attempted security violations.
- To protect from system viruses. No one is permitted to load, upload from a remote location, or download from within the office, any software without prior authorization from the Administrator.

Unacceptable Uses

The following are examples of unacceptable use. This is not an exhaustive list and other activity may be deemed unacceptable:

- For activities unrelated to the Town's business and standard operating practices.
- For activities unrelated to official assignments and/or job responsibilities.
- For any illegal purpose.
- To transmit threatening, obscene or harassing materials or correspondence.
- For unauthorized distribution of Town data and information.
- To interfere with or disrupt network users, services, or equipment.

- For private purposes such as marketing or business transactions.
- For solicitation for commercial ventures and/or non-job related solicitations.
- For solicitations for religious causes.
- For solicitations for political causes.
- For private advertising of product or services.
- For any activity meant to foster personal gain.
- To connect to own outside user account.
- Any illegal reproduction of software and other intellectual property protected by U.S. copyright law.

Pursuant to the Electronic Communications Privacy Act of 1986, 18 U.S.C. Section 1030, 18 U.S.C. 2252, and relevant sections of the New York State Penal Code - Article 145 and Article 170, notice is hereby given that there are no facilities provided in this system for sending or receiving private or confidential electronic communications. The System Administrator shall have access to all mail and user access requests, and will monitor messages as necessary to assure efficient performance and appropriate use. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

The Town of Manlius reserves the right to log network use and monitor file server space utilization by users and assumes no responsibility or liability for files deleted due to violation of file server allotments.

The Town of Manlius will not be responsible for any damages. This includes the loss of data resulting from delays, non-deliveries, or service interruptions caused by negligence, errors or omissions. Use of any information obtained is at the user's risk. All computers connected to a network will have anti-virus software installed. The Town of Manlius makes no warranties, either expressed or implied, with regard to software obtained from this system.

Employees should not assume that messages are private and confidential or that the Town of Manlius or its designated

representatives will not have a need to access and review information.

Enforcement and Violations

This policy is intended to be illustrative of the range of acceptable and unacceptable uses of the Internet facilities and is not necessarily exhaustive. Questions about specific uses related to security issues not enumerated in this policy and reports of specific unacceptable uses should be directed to the Administrator. Other questions about appropriate use should be directed to an employee's immediate supervisor.

The Town will review alleged violations of the Internet Acceptable Use Policy on a case-by-case basis. Clear violations of the Policy which are not promptly remedied may result in termination of the Internet services for the person(s) at fault, and referral for disciplinary actions as appropriate.

Communication Guidelines

Each Internet user is responsible for the content of all text, audio, or image files sent or received by them over the Internet. The information employees publish electronically reflects on the Town in general. True anonymity is very difficult to obtain when using the Internet. Accessing any network through the Town's Internet connection normally leaves an "audit trail" indicating at least the identity of the Town's proxy-server (and may leave a trail pointing directly at an individual employee).

Inappropriate use of the Town's facilities may damage the Town's image and could give rise to liabilities. Accordingly, employees must make every effort to be professional in all usage of the Town's communication tools. At a minimum, transmission of abusive, profane, obscene, fraudulent, sexually explicit, slanderous or libelous content is prohibited. No message may be sent if it could be construed as harassment or disparagement of others based on their sex, race, sexual orientation, age national origin, disability, or religious or political beliefs. All messages must contain the user's name. Messages may not be communicated under an assumed name.

Failure to adhere to the guidelines stated in this policy will result in disciplinary action ranging from the removal, or restriction of Internet privileges up to termination of employment.

Employee Handbook Appendix B

Romantic Relations Policy

The Town strongly believes that an environment where employees maintain clear boundaries between employee personal and business interactions is most effective for conducting business. This policy does not prevent the development of friendships or romantic relationships between coworkers, but it does intend to establish very clear boundaries as to how relationships should be handled during working time. This policy does not apply to non-romantic familial relationships such as father-son, or mother-daughter. The specific purpose of this policy is to prohibit individuals in supervisory positions or other influential roles from developing romantic relationship with workers whom the supervisor supervises or exercises authority over.

Consenting or romantic relationships between a supervisor/manager and an employee may at some point lead to complications and significant difficulties for all concerned - the employee, other employees in the department, the supervisor/manager, and the Town. These relationships may result in complaints of favoritism, conflicts of interest, and other disruptions in the workplace and, as a result, are strictly prohibited.

General Expectations and Requirements

Employee off-duty conduct is generally considered private. Thus, romantic relationships between co-workers are not prohibited, provided such relationships do not negatively affect the workplace. Employees who allow romantic relationships with coworkers to affect the working environment will be subject to the appropriate provisions of the Town's disciplinary policy, which may include counseling for minor problems, or other forms of discipline up to and including termination depending on the circumstances.

Supervisor/Subordinate Relationships

1. Romantic or sexual relationships between supervisors and subordinates including but not limited to dating, marriage, or

extra-marital affairs, is strictly prohibited. Supervisors are prohibited from directly supervising and/or hiring employees with whom they have a romantic relationship.

2. Supervisors, managers, executives or anyone else in sensitive or influential positions must disclose the existence of any relationship with a subordinate that has progressed beyond a platonic friendship. Disclosure may be made to the immediate supervisor or the Town Manager. Failure to disclose such a relationship may result in immediate termination.
3. The determination of whether a romantic relationship exists shall be determined in the sole discretion and opinion of the Town. This determination shall be based on objective evidence of a romantic relationship, such as co-habitation, the comments or statements of the supervisor and/or the employee, complaints or reports from employees.
4. Upon evidence obtained by the Town, the Town may seek to find a different position for either the supervisor or employee who is involved in a romantic relationship. If a transfer is being considered by the Town, the individual with the more senior position will be considered for transfer first to avoid any perception of retaliation against the less senior person. Transfers of an employee are in the sole discretion of the Town and will only be considered where an open position is available and the person being considered for transfer meets the requirements for the position.
5. Refusal of reasonable alternative positions, if offered, will be deemed a voluntary resignation.

6. Violations of this policy, including the failure to disclose the existence of a romantic relationship constitutes insubordination and is subject to disciplinary action up to and including termination.

General Rules

The provisions of this policy apply regardless of the gender or sexual orientations of the parties involved. Employees who have questions regarding the application or scope of this policy should contact their immediate supervisor, the Town Manager, or the Town Supervisor.

Complaints

Any employee who feels they have been disadvantaged as a result of this policy, or who believes this policy is not being adhered to, should make their feelings known to their immediate supervisor, the Town Manager or the Town Supervisor.

Workplace Violence Policy & Procedures

WORKPLACE VIOLENCE POLICY & PROCEDURES

The **Town of Manlius** has a long-standing commitment to promoting a safe and secure work environment that promotes the achievement of its mission of serving the public. All employees of the **Town** are expected to maintain a working environment free from violence, threats of harassment, violence, intimidation or coercion. While these behaviors are not prevalent at the **Town**, no organization is immune.

The purpose of this policy is to address the issue of potential workplace violence in our **Town**, prevent workplace violence from occurring to the fullest extent possible, and set forth procedures to follow when such violence has occurred.

Policy

The **Town** prohibits workplace violence. Violence, threats of violence, intimidation, harassment, coercion, or other threatening behavior towards people or property will not be tolerated. Complaints involving workplace violence will not be ignored and will be given the serious attention they deserve. Individuals who violate this policy may be removed from **Town** property and are subject to disciplinary and/or personnel action up to and including termination, consistent with **Town** policies, rules and collective bargaining agreements, and/or referral to law enforcement authorities for criminal prosecution. Complaints of sexual harassment are covered under the **Town's** Policy against Sexual Harassment.

The **Town**, at the request of an employee or student, or at its own discretion, may prohibit members of the public, including family members, from seeing an employee on **Town** property unless necessary to transact **Town** related business. This policy particularly applies in cases where the employee suspects that an act of violence will result from an encounter with said individual(s).

Scope

All employees, members of the public, vendors, contractors, consultants, and others who do business with the **Town**, whether in a **Town** facility or off-site location where **Town** business is conducted, are covered by this policy. This policy also applies to other persons not affiliated with the **Town**, such as former employees, and visitors. When employees have complaints about other employees, they should contact their supervisor.

Definitions

1. Workplace violence is any behavior that is violent, threatens violence, coerces, harasses or intimidates others, interferes with an individual's legal rights of movement or expression, or disrupts the workplace, the work environment, or the **Town's** ability to provide services to the public. Examples of workplace violence include, but are not limited to:
2. Disruptive behavior intended to disturb, interfere with or prevent normal work activities (such as yelling, using profanity, verbally abusing others, or waving arms and fists).
3. Intentional physical contact for the purpose of causing harm (such as slapping, stabbing, punching, striking, shoving, or other physical attack).
4. Menacing or threatening behavior (such as throwing objects, pounding on a desk or door, damaging property, stalking, or otherwise acting aggressively; or making oral or written statements specifically intended to frighten, coerce, or threaten) where a reasonable person would interrupt such behavior as constituting evidence of intent to cause harm to individuals or property.
5. Possessing firearms, imitation firearms, knives or other dangerous weapons, instruments or materials. No one within the **Town**, shall have in their possession a firearm or other dangerous weapon, instrument or material that can be used to inflict bodily harm on an individual or damage to **Town** property without specific written authorization from the Town Supervisor or Chief of Police, or his designee, regardless of whether the individual possesses a valid permit to carry the firearm or weapon.

Reporting of Incidents

1. General Reporting Responsibilities

Incidents of workplace violence, threats of workplace violence, or observations of workplace violence are not be ignored by any member of the **Town**. Workplace violence should promptly be reported to the appropriate **Town** official (see below). Additionally, employees are encouraged to report behavior that they reasonably believe poses a potential for workplace violence as defined above. It is

important that all members of the **Town** take this responsibility seriously to effectively maintain a safe working and learning environment.

The Chief of Police, or his designee, will work with the Town Manager and the Supervisor on an appropriate response.

4. Commission of a Crime

All individuals who believe a crime has been committed against them have the right, and are encouraged, to report the incident to the appropriate law enforcement agency.

5. False Reports

Members of the **Town** who make false and malicious complaints of workplace violence, as opposed to complaints which, even if erroneous, are made in good faith, will be subject to disciplinary action and/or referral to civil authorities as appropriate.

6. Incident Reports

The **Town** will report incidents of workplace violence consistent with the **Town** Policies for Incident Reporting.

Responsibilities

1. Supervisor

The Supervisor shall be responsible for the implementation of this policy. The responsibility includes dissemination of

2. Chief of Police

The Chief of Police, or their designee, is responsible for responding to, intervening, and documenting all incidents of violence in the workplace. The Chief of Police, or their designee, will immediately log all incidents of workplace violence and will notify the respective supervisor of an incident with an employee whom they supervise, or notify the **Town** of an incident. All officers should be knowledgeable of when law enforcement action may be appropriate. The Town Manager will maintain an internal tracking system of all threats and incidents of violence.

Officers will be trained in workplace violence awareness and prevention, non-violent crises intervention, conflict management, and dispute resolution.

Officers will work closely with the Town Manager when the possibility of workplace violence is heightened, as well as on the appropriate response to workplace violence incidents consistent with **Town** policies, rules, procedures and applicable labor agreements, including appropriate disciplinary action up to and including termination.

Each Department Head or other person with supervisory responsibility (hereinafter “supervisor”) is responsible within his/her area of jurisdiction for the implementation of this policy. Supervisors must report to the Town Manager and Chief of Police, or their designee, any complaint of

workplace violence, and any other incidents of workplace violence of which they become aware or reasonably believe to exist. Supervisors are expected to inform their immediate supervisor promptly about any complaints, acts, or threats of violence even if the situation has been addressed and resolved. After having reported such complaint or incident to the Town Manager, Chief of Police, or their designee, and immediate supervisor, the supervisor should keep it confidential and not disclose it further, except as necessary during the investigation process and/or subsequent proceedings.

Supervisors are required to contact the Town Manager and Chief of Police, or their designee, immediately in the event of imminent or actual violence involving weapons or potential physical injuries.

4. Employees

Employees must report workplace violence, as defined above, to their supervisor. Recurring or persistent workplace violence that an employee reasonably believes is not being addressed satisfactorily, or violence that is, or has been, engaged in by the employee's supervisor should be brought to the attention of the Town Manager and Chief of Police, or their designee.

Employees who have obtained Orders of Protection are expected to notify their supervisor and the Town Manager and Chief of Police, or their designee, of any orders that list Town locations as protected areas.

Victims of domestic violence who believe the violence may extend into the workplace, or employees who believe that domestic or other personal matters may result in their being subject to violence extending into the workplace, are encouraged to notify their supervisor, or the Town Manager and Chief of Police. Confidentiality will be maintained to the extent possible.

Upon hiring, and annually thereafter, employees will receive copies of this policy. Additionally, the policy will be posted throughout the Town and be placed on the Town website, as appropriate.

5. Town Manager

The Town Manager is responsible for assisting the Chief of Police, or their designee, and supervisors in responding to workplace violence; facilitating appropriate responses to reported incidents of workplace violence; notifying the Chief of Police, or their designee, of workplace violence incidents reported to that office; and consulting with, as necessary, counseling services to secure professional intervention.

The Town Manager will also be responsible for annually disseminating this policy to all employees, as well as posting the policy throughout the Town offices and website, as appropriate.

Education

Supervisors are responsible for the dissemination and enforcement of this policy as described herein, as well as for providing opportunities for training in the prevention and awareness of workplace violence. Additionally, annual training will be provided.

Confidentiality

The **Town** shall maintain the confidentiality of investigations of workplace violence to the extent possible. The **Town** will act on the basis of anonymous complaints where it has a reasonable basis to believe that there has been a violation of this policy and that the safety and well being of employees of the **Town** would be served by such action.

Retaliation

Retaliation against anyone acting in good faith who has made a complaint of workplace violence, who has reported witnessing workplace violence, or who has been involved in reporting, investigating, or responding to workplace violence is a violation of this policy. Those found responsible for retaliatory action will be subject to discipline up to and including termination.

Approved by: Manlius Town Board on March 27, 2013

Employee Handbook Appendix E Sexual Harassment Policy

Purpose and Goals

The Town of Manlius is committed to maintaining a workplace free from harassment and discrimination. Sexual harassment is a form of workplace discrimination that subjects an employee to inferior conditions of employment due to their gender, gender identity, gender expression (perceived or actual), and/or sexual orientation. Sexual harassment is often viewed simply as a form of gender-based discrimination, but the Town of Manlius recognizes that discrimination can be related to or affected by other identities beyond gender. Under the New York State Human Rights Law, it is illegal to discriminate based on sex, sexual orientation, gender identity or expression, age, race, creed, color, national origin, military status, disability, pre-disposing genetic characteristics, familial status, marital status, criminal history, or status as a victim of domestic violence. Our different identities impact our understanding of the world and how others perceive us. For example, an individual's race, ability, or immigration status may impact their experience with gender discrimination in the workplace. While this policy is focused on sexual harassment and gender discrimination, the methods for reporting and investigating discrimination based on other protected identities are the same. The purpose of this policy is to teach employees to recognize discrimination, including discrimination due to an individual's intersecting identities, and provide the tools to take action when it occurs. All employees, supervisors and department heads are required to work in a manner designed to prevent sexual harassment and discrimination in the workplace. This policy is one component of the Town of Manlius' commitment to a discrimination-free work environment.

Goals of this Policy:

Sexual harassment and discrimination are against the law. After reading this policy, employees will understand their right to a workplace free from harassment. Employees will also learn what harassment and discrimination look like, what actions they can take to prevent and report harassment, and how they are protected from retaliation after taking action. The policy will also explain the investigation process into any claims of harassment. Employees are encouraged to report sexual harassment or discrimination by filing a complaint internally with the Town of Manlius. Employees can also file a complaint with a government agency or in court under federal, state, or local antidiscrimination laws. To file an employment complaint with the New York State Division of Human Rights, please visit <https://dhr.ny.gov/complaint>. To file a complaint with the United States Equal Employment Opportunity Commission, please visit <https://www.eeoc.gov/filing-a-charge-discrimination>.

Adoption of this policy does not constitute a defense to charges of unlawful sexual harassment. Each claim of sexual harassment will be determined in accordance with existing legal standards, with due consideration of the particular facts and circumstances of the claim, including but not limited to the existence of an effective anti-harassment policy and procedure.

Sexual Harassment and Discrimination Prevention Policy:

1. The Town of Manlius policy applies to all employees, applicants for employment, and interns, whether paid or unpaid. The policy also applies to additional covered individuals. It applies to anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or anyone providing services in our workplace. These individuals include persons commonly referred to as independent contractors, gig workers, and temporary workers. Also included are persons providing equipment repair, cleaning services, or any other services through a contract with the Town of Manlius. For the remainder of this policy, we will use the term “covered

individual” to refer to these individuals who are not direct employees of the company.

2. Sexual harassment is unacceptable. Any employee or covered individual who engages in sexual harassment, discrimination, or retaliation will be subject to action, including appropriate discipline for employees. In New York, harassment does not need to be severe or pervasive to be illegal. Employees and covered individuals should not feel discouraged from reporting harassment because they do not believe it is bad enough, or conversely because they do not want to see a colleague fired over less severe behavior. Just as harassment can happen in different degrees, potential discipline for engaging in sexual harassment will depend on the degree of harassment and might include education and counseling. It may lead to suspension or termination when appropriate.
3. Retaliation is prohibited. Any employee or covered individual that reports an incident of sexual harassment or discrimination, provides information, or otherwise assists in any investigation of a sexual harassment or discrimination complaint is protected from retaliation. No one should fear reporting sexual harassment if they believe it has occurred. So long as a person reasonably believes that they have witnessed or experienced such behavior, they are protected from retaliation. Any employee of the Town of Manlius who retaliates against anyone involved in a sexual harassment or discrimination investigation will face disciplinary action, up to and including termination. All employees and covered individuals working in the workplace who believe they have been subject to such retaliation should inform a supervisor, department head, or Town Manager. All employees and covered individuals who believe they have been a target of such retaliation may also seek relief from government agencies, as explained below in the section on Legal Protections.
4. Discrimination of any kind, including sexual harassment, is a violation of our policies, is unlawful, and may subject the Town of Manlius to liability for the harm experienced by targets of

discrimination. Harassers may also be individually subject to liability and employers or supervisors who fail to report or act on harassment may be liable for aiding and abetting such behavior. Employees at every level who engage in harassment or discrimination, including supervisors and department heads who engage in harassment or discrimination or who allow such behavior to continue, will be penalized for such misconduct.

5. The Town of Manlius will conduct a prompt and thorough investigation that is fair to all parties. An investigation will happen whenever management receives a complaint about discrimination or sexual harassment, or when it otherwise knows of possible discrimination or sexual harassment occurring. The Town of Manlius will keep the investigation confidential to the extent possible. If an investigation ends with the finding that discrimination or sexual harassment occurred, the Town of Manlius will act as required. In addition to any required discipline, the town of Manlius will also take steps to ensure a safe work environment for the employee(s) who experienced the discrimination or harassment. All employees, including supervisors and department heads, are required to cooperate with any internal investigation of discrimination or sexual harassment.
6. All employees and covered individuals are encouraged to report any harassment or behaviors that violate this policy. All employees will have access to a complaint form to report harassment and file complaints. Use of this form is not required. For anyone who would rather make a complaint verbally, or by email, these complaints will be treated with equal priority. An employee or covered individual who prefers not to report harassment to their supervisor, department head or employer may instead report harassment to the New York State Division of Human Rights and/or the United States Equal Employment Opportunity Commission. Complaints may be made to both the employer and a government agency. Supervisors and department heads are **required** to report any complaint that they receive, or any harassment that they observe or become aware of, to the Town Manager.

7. This policy applies to all employees and covered individuals, such as contractors, subcontractors, vendors, consultants, or anyone providing services in the workplace, and all must follow and uphold this policy. This policy must be provided to all employees in person or digitally through email upon hiring and will be posted prominently in all work locations. For those offices operating remotely, in addition to sending the policy through email, it will also be available on the organization's shared network.

What Is Sexual Harassment?

Sexual harassment is a form of gender-based discrimination that is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment is not limited to sexual contact, touching, or expressions of a sexually suggestive nature. Sexual harassment includes all forms of gender discrimination including gender role stereotyping and treating employees differently because of their gender.

Understanding gender diversity is essential to recognizing sexual harassment because discrimination based on sex stereotypes, gender expression and perceived identity are all forms of sexual harassment. The gender spectrum is nuanced, but the three most common ways people identify are cisgender, transgender, and non-binary. A cisgender person is someone whose gender aligns with the sex they were assigned at birth. Generally, this gender will align with the binary of male or female. A transgender person is someone whose gender is different than the sex they were assigned at birth. A non-binary person does not identify exclusively as a man or a woman. They might identify as both, somewhere in between, or completely outside the gender binary. Some may identify as transgender, but not all do. Respecting an individual's gender identity is a necessary first step in establishing a safe workplace.

Sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment. Harassment does not

need to be severe or pervasive to be illegal. It can be any harassing behavior that rises above petty slights or trivial inconveniences. Every instance of harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, the Human Rights Law specifies that whether harassing conduct is considered petty or trivial is to be viewed from the standpoint of a reasonable victim of discrimination with the same protected characteristics. Generally, any behavior in which an employee or covered individual is treated worse because of their gender (perceived or actual), sexual orientation, or gender expression is considered a violation of Town of Manlius policy. The intent of the behavior, for example, making a joke, does not neutralize a harassment claim. Not intending to harass is not a defense. The impact of the behavior on a person is what counts. Sexual harassment includes any unwelcome conduct which is either directed at an individual because of that individual's gender identity or expression (perceived or actual), or is of a sexual nature when:

- The purpose or effect of this behavior unreasonably interferes with an individual's work performance or creates an intimidating, hostile or offensive work environment. The impacted person does not need to be the intended target of the sexual harassment;
- Employment depends implicitly or explicitly on accepting such unwelcome behavior; or
- Decisions regarding an individual's employment are based on an individual's acceptance to or rejection of such behavior. Such decisions can include what shifts and how many hours an employee might work, project assignments, as well as salary and promotion decisions.

There are two main types of sexual harassment:

- Behaviors that contribute to a **hostile work environment** include, but are not limited to, words, signs, jokes, pranks, intimidation, or physical violence which are of a sexual nature, or

which are directed at an individual because of that individual's sex, gender identity, or gender expression. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory, or discriminatory statements which an employee finds offensive or objectionable, causes an employee discomfort or **humiliation, or interferes with the employee's job performance.**

- Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment. This is also called **quid pro quo** harassment.

Any employee or covered individual who feels harassed is encouraged to report the behavior so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be discrimination and is covered by this policy.

Examples of Sexual Harassment

The following describes some of the types of acts that may be unlawful sexual harassment and that are strictly prohibited. **This list is just a sample of behaviors and should not be considered exhaustive.** Any employee who believes they have experienced sexual harassment, even if it does not appear on this list, should feel encouraged to report it:

- Physical acts of a sexual nature, such as:
 - Touching, pinching, patting, kissing, hugging, grabbing, brushing against another employee's body, or poking another employee's body; or
 - Rape, sexual battery, molestation, or attempts to commit these assaults, which may be considered criminal conduct outside the scope of this policy (please contact local law enforcement if you wish to pursue criminal charges).

- Unwanted sexual comments, advances, or propositions, such as:
 - Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion, or other job benefits;
 - This can include sexual advances/pressure placed on a service industry employee by customers or clients, especially those industries where hospitality and tips are essential to the customer/employee relationship;
 - Subtle or obvious pressure for unwelcome sexual activities; or
 - Repeated requests for dates or romantic gestures, including gift-giving.
- Sexually oriented gestures, noises, remarks or jokes, or questions and comments about a person's sexuality, sexual experience, or romantic history which create a hostile work environment. This is not limited to interactions in person. Remarks made over virtual platforms and in messaging apps when employees are working remotely can create a similarly hostile work environment.
- Sex stereotyping, which occurs when someone's conduct or personality traits are judged based on other people's ideas or perceptions about how individuals of a particular sex should act or look:
 - Remarks regarding an employee's gender expression, such as wearing a garment typically associated with a different gender identity; or

- o Asking employees to take on traditionally gendered roles, such as asking a woman to serve meeting refreshments when it is not part of, or appropriate to, her job duties.
- Sexual or discriminatory displays or publications anywhere in the workplace, such as:
 - o Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace;
 - o This also extends to the virtual or remote workspace and can include having such materials visible in the background of one's home during a virtual meeting.
- Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, or gender expression, such as:
 - o Interfering with, destroying, or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
 - o Sabotaging an individual's work;
 - o Bullying, yelling, or name-calling;
 - o Intentional misuse of an individual's preferred pronouns; or
 - o Creating different expectations for individuals based on their perceived identities:
 - Dress codes that place more emphasis on women's attire;
 - Leaving parents/caregivers out of meetings.

Who Can be a Target of Sexual Harassment?

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassment does not have to be between members of the opposite sex or gender. New York Law protects employees and all covered individuals described earlier in the policy. **Harassers can be anyone in the workplace.** A supervisor, a supervisee, or a coworker can all be harassers. Anyone else in the workplace can also be harassers including an independent contractor, contract worker, vendor, client, customer, patient, constituent, or visitor.

Sexual harassment does not happen in a vacuum and discrimination experienced by an employee can be impacted by biases and identities beyond an individual's gender. For example:

- Placing different demands or expectations on black women employees than white women employees can be both racial and gender discrimination;
- An individual's immigration status may lead to perceptions of vulnerability and increased concerns around illegal retaliation for reporting sexual harassment; or
- Past experiences as a survivor of domestic or sexual violence may lead an individual to feel re-traumatized by someone's behaviors in the workplace.

Individuals bring personal history with them to the workplace that might impact how they interact with certain behavior. It is especially important for all employees to be aware of how words or actions might impact someone with a different experience than their own in the interest of creating a safe and equitable workplace.

Where Can Sexual Harassment Occur?

Unlawful sexual harassment is not limited to the physical workplace itself. It can occur while employees are traveling for business or at employer or industry sponsored events or parties. Calls, texts, emails,

and social media usage by employees or covered individuals can constitute unlawful workplace harassment, even if they occur away from the workplace premises, on personal devices, or during non-work hours.

Sexual harassment can occur when employees are working remotely from home as well. Any behaviors outlined above that leave an employee feeling uncomfortable, humiliated, or unable to meet their job requirements constitute harassment even if the employee or covered individual is at home when the harassment occurs. Harassment can happen on virtual meeting platforms, in messaging apps, and after working hours between personal cell phones.

Retaliation

Retaliation is unlawful and is any action by an employer or supervisor that punishes an individual upon learning of a harassment claim, that seeks to discourage a worker or covered individual from making a formal complaint or supporting a sexual harassment or discrimination claim, or that punishes those who have come forward. These actions need not be job-related or occur in the workplace to constitute unlawful retaliation. For example, threats of physical violence outside of work hours or disparaging someone on social media would be covered as retaliation under this policy.

Examples of retaliation may include, but are not limited to:

- Demotion, termination, denying accommodations, reduced hours, or the assignment of less desirable shifts;
- Publicly releasing personnel files;
- Refusing to provide a reference or providing an unwarranted negative reference;
- Labeling an employee as “difficult” and excluding them from projects to avoid “drama”;

- Undermining an individual's immigration status; or
- Reducing work responsibilities, passing over for a promotion, or moving an individual's desk to a less desirable office location.

Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

- Made a complaint of sexual harassment or discrimination, either internally or with any government agency;
- Testified or assisted in a proceeding involving sexual harassment or discrimination under the Human Rights Law or any other anti-discrimination law;
- Opposed sexual harassment or discrimination by making a verbal or informal complaint to management, or by simply informing a supervisor or department head of suspected harassment;
- Reported that another employee has been sexually harassed or discriminated against; or
- Encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

Reporting Sexual Harassment

Everyone must work toward preventing sexual harassment, but leadership matters. Supervisors and department heads have a special responsibility to make sure employees feel safe at work

and that workplaces are free from harassment and discrimination.

Any employee or covered individual is encouraged to report harassing or discriminatory behavior to a supervisor, department head or Town Manager. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior to a supervisor, department head, or Town Manager.

Reports of sexual harassment may be made verbally or in writing. A written complaint form is attached to this policy if an employee would like to use it, but the complaint form is not required. Employees who are reporting sexual harassment on behalf of other employees may use the complaint form and should note that it is on another employee's behalf. A verbal or otherwise written complaint (such as an email) on behalf of oneself or another employee is also acceptable.

Employees and covered individuals who believe they have been a target of sexual harassment may at any time seek assistance in additional available forums, as explained below in the section on Legal Protections.

Supervisory Responsibilities

Supervisors and department heads have a responsibility to prevent sexual harassment and discrimination. All supervisors and department heads who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing or discriminatory behavior, or for any reason suspect that sexual harassment or discrimination is occurring, are required to report such suspected sexual harassment to the Town Manager. Supervisors and department heads should not be passive and wait for an employee to make a claim of harassment. If they observe such behavior, they must act.

Supervisors and department heads can be disciplined if they engage in sexually harassing or discriminatory behavior themselves. Supervisors and department heads can also be disciplined for failing to report suspected sexual harassment or allowing sexual harassment to continue after they know about it.

Supervisors and department heads will also be subject to discipline for engaging in any retaliation.

While supervisors and department heads have a responsibility to report harassment and discrimination, supervisors and department heads must be mindful of the impact that harassment and a subsequent investigation has on victims. Being identified as a possible victim of harassment and questioned about harassment and discrimination can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors and department heads must accommodate the needs of individuals who have experienced harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Bystander Intervention

Any employee witnessing harassment as a bystander is encouraged to report it. A supervisor or department head that is a bystander to harassment is **required** to report it. There are five standard methods of bystander intervention that can be used when anyone witnesses harassment or discrimination and wants to help.

1. A bystander can interrupt the harassment by engaging with the individual being harassed and distracting them from the harassing behavior;
2. A bystander who feels unsafe interrupting on their own can ask a third party to help intervene in the harassment;
3. A bystander can record or take notes on the harassment incident to benefit a future investigation;
4. A bystander might check in with the person who has been harassed after the incident, see how they are feeling and let them know the behavior was not ok; and
5. If a bystander feels safe, they can confront the harassers and name the behavior as inappropriate. When confronting

harassment, physically assaulting an individual is never an appropriate response.

Though not exhaustive, and dependent on the circumstances, the guidelines above can serve as a brief guide of how to react when witnessing harassment in the workplace. Any employee witnessing harassment as a bystander is encouraged to report it. A supervisor or department head that is a bystander to harassment is required to report it.

Complaints and Investigations of Sexual Harassment

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. An investigation of any complaint, information, or knowledge of suspected sexual harassment will be prompt, thorough, and started and completed as soon as possible. The investigation will be kept confidential to the extent possible. All individuals involved, including those making a harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation.

Any employee may be required to cooperate as needed in an investigation of suspected sexual harassment. The Town of Manlius will take disciplinary action against anyone engaging in retaliation against employees who file complaints, support another's complaint, or participate in harassment investigations.

The Town of Manlius recognizes that participating in a harassment investigation can be uncomfortable and has the potential to retraumatize an employee. Those receiving claims and leading investigations will handle complaints and questions with sensitivity toward those participating.

While the process may vary from case to case, investigations will be done in accordance with the following steps. Upon receipt of a 'complaint, the Town Manager:

1. Will conduct a prompt review of the allegations, assess the appropriate scope of the investigation, and take any interim actions (for example, instructing the individual(s) about whom the complaint was made to refrain from communications with the individual(s) who reported the harassment), as appropriate. If complaint is verbal, request that the individual completes the complaint form in writing. If the person reporting prefers not to fill out the form, the Town Manager will prepare a complaint form or equivalent documentation based on the verbal reporting;
2. Will take steps to obtain, review, and preserve documents sufficient to assess the allegations, including documents, emails or phone records that may be relevant to the investigation. The Town Manager will consider and implement appropriate document request, review, and preservation measures, including for electronic communications;
3. Will seek to interview all parties involved, including any relevant witnesses;
4. Will create a written documentation of the investigation (such as a letter, memo or email), which contains the following:
 - a. A list of all documents reviewed, along with a detailed summary of relevant documents;

- b. A list of names of those interviewed, along with a detailed summary of their statements;
 - c. A timeline of events;
 - d. A summary of any prior relevant incidents disclosed in the investigation, reported or unreported; and
 - e. The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- 5. Will keep the written documentation and associated documents in a secure and confidential location;
 - 6. Will promptly notify the individual(s) who reported the harassment and the individual(s) about whom the complaint was made that the investigation has been completed and implement any corrective actions identified in the written document; and
 - 7. Will inform the individual(s) who reported of the right to file a complaint or charge externally as outlined in the next section.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the Town of Manlius, but it is also prohibited by state, federal, and, where applicable, local law.

The internal process outlined in the policy above is one way for employees to report sexual harassment. Employees and covered individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, you may also seek the legal advice of an attorney.

New York State Division of Human Rights:

The New York State Human Rights Law (HRL), N.Y. Executive Law, art. 15, § 290 *et seq.*, applies to all employers in New York State and

protects employees and covered individuals, regardless of immigration status. A complaint alleging violation of the Human Rights Law may be filed either with the New York State Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints of sexual harassment filed with DHR may be submitted any time **within three years** of the harassment. If an individual does not file a complaint with DHR, they can bring a lawsuit directly in state court under the Human Rights Law, **within three years** of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to the Town of Manlius does not extend your time to file with DHR or in court. The three years are counted from the date of the most recent incident of harassment.

You do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate your complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases receive a public hearing before an administrative law judge. If sexual harassment is found at the hearing, DHR has the power to award relief. Relief varies but it may include requiring your employer to take action to stop the harassment, or repair the damage caused by the harassment, including paying of monetary damages, punitive damages, attorney's fees, and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. You may call (718) 741-8400 or visit: www.dhr.ny.gov.

Go to dhr.ny.gov/complaint for more information about filing a complaint with DHR. The website has a digital complaint process that can be completed on your computer or mobile device from start to finish. The website has a complaint form that can be downloaded, filled out, and mailed to DHR as well as a form that can be submitted online. The

website also contains contact information for DHR's regional offices across New York State.

Call the DHR sexual harassment hotline at **1(800) HARASS3** for more information about filing a sexual harassment complaint. This hotline can also provide you with a referral to a volunteer attorney experienced in sexual harassment matters who can provide you with limited free assistance and counsel over the phone.

The United States Equal Employment Opportunity Commission:

The United States Equal Employment Opportunity Commission (EEOC) enforces federal antidiscrimination laws, including Title VII of the 1964 federal Civil Rights Act, 42 U.S.C. § 2000e *et seq.* An individual can file a complaint with the EEOC anytime within 300 days from the most recent incident of harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint and determine whether there is reasonable cause to believe that discrimination has occurred. If the EEOC determines that the law may have been violated, the EEOC will try to reach a voluntary settlement with the employer. If the EEOC cannot reach a settlement, the EEOC (or the Department of Justice in certain cases) will decide whether to file a lawsuit. The EEOC will issue a Notice of Right to Sue permitting workers to file a lawsuit in federal court if the EEOC closes the charge, is unable to determine if federal employment discrimination laws may have been violated or believes that unlawful discrimination occurred by does not file a lawsuit.

Individuals may obtain relief in mediation, settlement, or conciliation. In addition, federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An employee alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov.

If an individual filed an administrative complaint with the New York State Division of Human Rights, DHR will automatically file the complaint with the EEOC to preserve the right to proceed in federal court.

Local Protections

Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city or town in which they live to find out if such a law exists. For example, employees who work in New York City may file complaints of sexual harassment or discrimination with the New York City Commission on Human Rights. Contact their main office at Law Enforcement Bureau of the NYC Commission on Human Rights, 22 Reade Street, 1st Floor, New York, New York; call 311 or (212) 306-7450; or visit www.nyc.gov/html/cchr/html/home/home.shtml.

Contact the Local Police Department

If the harassment involves unwanted physical touching, coerced physical confinement, or coerced sex acts, the conduct may constitute a crime. Those wishing to pursue criminal charges are encouraged to contact their local police department.

Conclusion

The policy outlined above is aimed at providing employees at the Town of Manlius and covered individuals an understanding of their right to a discrimination and harassment free workplace. All employees should feel safe at work. Though the focus of this policy is on sexual harassment and gender discrimination, the New York State Human Rights law protects against discrimination in several protected classes including sex, sexual orientation, gender identity or expression, age, race, creed, color, national origin, military status, disability, pre-disposing genetic characteristics, familial status, marital status, criminal history, or domestic violence survivor status. The prevention policies outlined above should be considered applicable to all protected classes.

Nursing Mothers Lactation Accommodation Policy

Lactation Accommodation Policy

In accordance with applicable law, the Town of Manlius provides employees with break time to express breast milk at the workplace.

In this Policy, employees should learn how much time they are allowed for breast milk expression, the kind of space they are entitled to have for breast milk expression, how to notify the Town about their need to express breast milk in the workplace, and how to notify the New York Department of Labor if these rights are not honored.

This Policy will be provided to all employees upon hire, and annually thereafter. This Policy will also be provided to employees as soon as they return to work following the birth of their child.

Using Break Time for Breast Milk Expression

Employees will receive reasonable unpaid break time to express breast milk when requested. Employees may also request to use accrued paid time to express breast milk at the workplace, too.

Employees may request break time (whether unpaid or paid) for up to three years following childbirth.

The Town will provide an unpaid break time once at least every three hours if requested by an employee. However, the number of unpaid breaks employees will need to express breast milk is unique to each employee and the Town will provide reasonable break times based on the individual and particular circumstances.

The Town will not discriminate or retaliate in any way against an employee who chooses to express breast milk in the workplace.

Employees may work before or after their normal shift to make up any time used as unpaid break time to express breast milk, as long as the time falls within the Town's customary and normal work hours for that

day. However, employees are not required to make up their unpaid break time.

Unpaid breaks to express breast milk will be no shorter than twenty minutes. However, if the designated lactation room (discussed below) where such break is taken is not close to an employee's work station, the provided break will be at least thirty minutes. The Town will permit employees to take longer unpaid breaks where circumstances require. Employees may also opt to take breaks that are shorter than 20 or 30 minutes.

Employees working remotely have the same rights to unpaid time off for the purpose of expressing breast milk as employees who perform their duties in-person.

Requests to Express Breast Milk at Work

Any employee that wishes to express breast milk at work must give the Town reasonable advance notice. Such notice must generally be provided before returning to the workplace if the employee is on leave. The Town requests such notice so it can identify and set-up an appropriate lactation room, and, adjust work schedules if necessary.

Employees wishing to request a room or other location to express breast milk in the workplace should submit a written request to the Town Manager. The Town will respond to this request for a room or other location to express breast milk in writing within five days.

The Town will notify all employees in writing, either through email or printed memo, when a room or other location has been designated for breast milk expression.

Lactation Room Requirements

The Town will designate a room or location specific for employees to express breast milk. The room or location will:

- Be close to the employee's work area.
- Provide good natural or artificial light.
- Be private, shielded from view and free from intrusion.

- Have accessible, clean running water nearby.
- Have an electrical outlet (as long as the rest of the workplace is provided with electricity).
- Include a chair.
- Include a desk, small table, counter, or other flat surface.

Please note that each employee choosing to express breast milk will not necessarily receive a separate space from other nursing employees. If more than one employee at a time requires access to a lactation room, the Town may dedicate a centralized location to be used by all employees.

Any space provided for breast milk expression will be close to the work area of the employee(s) using the space. The space will be in walking distance, and will generally not significantly extend the employee's necessary break time.

In the event there is no separate room or space available for lactation, the Town may designate a temporarily vacant office or temporarily vacant space to be used for lactation. During any time that the room is required for lactation, the room will not be accessible to the public or other Town personnel.

If no separate room or space at all is available, the Town may designate a "cubicle" or similar space as a lactation space. A cubicle will only be used if it is fully enclosed with a partition and will not be accessible to the public or other Town personnel. Any such cubicle will have at least seven foot tall walls.

If any lactation room or space has a window, it will be covered with a curtain, blind, or other covering. Further, wherever possible, the lactation room or space will be equipped with a functional lock. If a lock is not possible, the Town may place a sign outside of the room or space advising that the space is in use and not accessible to other Town personnel or the public.

If the employee's workspace has a refrigerator, nursing employees will be allowed to use the refrigerator to store expressed breast milk. The Town is not, however, responsible for ensuring the safekeeping of expressed milk stored in any refrigerator. Employees are required to store all expressed milk in closed containers and bring milk home each evening.

Any space or room designated for expressing breast milk must be maintained and cleaned at all times.

If providing a private lactation room or space in accordance with the requirements listed above presents an undue hardship on the Town, it will still provide another room or other location (not a restroom or toilet stall) that is in close proximity to the employee's work area where the employee(s) can express breast milk in privacy. Such a room or area will meet as many of the requirements discussed above as possible. For purposes of this Policy, "undue hardship" means "causing significant difficulty or expense when considered in relation to the size, financial resources, nature, or structure of the employer's business."

In no circumstances will employees be denied the right to express breast milk in the workplace due to difficulty in finding a location.

New York State Department of Labor Resources

Any employee who believes they have experienced retaliation for expressing breast milk in the workplace, or, that the Town is in violation of this Policy, should contact the New York State Department of Labor's Division of Labor Standards, at 1-888-52-LABOR, or via email at LSAsk@labor.ny.gov.
