from November 20, 2025.

Ayes: Chairperson Catalino, Member Kelly, Member Linhart, Member Christensen

Nayes: None

Abstain: Member Detor

Results: Passed

Organizational Meeting

1.

- Karrie Catalino - Appointed as Chairperson for the term of 01/01/2026-12/31/2026 by the Town Board
- Jessica Detor - Appointed as a member for the term of 01/01/2026-12/31/2030 by the Town Board
- Harris Beach Murtha was appointed as the Zoning Board Attorney by the Town Board for 2026
- Approve Carrie Grevelding as the Zoning Board Clerk
- 2026 Board meetings - The board will meet on the third Thursday of the month at 6:30 PM. Schedule as attached:

Member Kelly made a motion, Seconded by Member Linhart, to approve Carrie Grevelding as the Zoning Board Clerk.

Ayes: Chairperson Catalino, Member Kelly, Member Linhart, Member Christensen, Member Detor

Nayes: None

Abstain: None

Results: Passed

Member Kelly made a motion, Seconded by Member Linhart, to approve the 2026 meetings and deadlines as presented.

Ayes: Chairperson Catalino, Member Kelly, Member Linhart, Member Christensen, Member Detor

Nayes: None

Abstain: None

Results: Passed

Public Hearing

1. Peter Cookhouse - 4600 South Eagle Village Rd, Manlius, NY - Tax Map #117.-03-03.0

This application was tabled for a future meeting

Other Business

Councilor Bollinger - Upcoming Town Projects

Councilor Bollinger discussed the Burdick Street Genesee Street Corridor Study and the Re-Zoning Project. Councilor Bollinger invited members to be a part of the Re-Zoning Project.

Clerk Grevelding reminded the board to check emails regarding the County Symposium.

Adjournment

There being no further business to come before the Board, upon motion duly made by Member Kelly and seconded by Member Linhart the Board voted unanimously to adjourn regular session at 7:05 PM .

Respectfully submitted,
Carrie Grevelding

Zoning Board Referral

11/20/2025

4600 Eagle Village Rd S
Manlius NY 13104
Tax Map ID: 117.-03-03.0

Applicant: Peter Cookhouse

Build permit application cannot be approved as the project requires a variance.

1. The applicant needs a variance from chapter 155-12(A)(1) which references chapter 155-7(A)(2)(b) for the construction of a 40' x 64' accessory structure. The applicant is requesting a height of 25' for the accessory structure and will need a variance of 8 feet to provide relief from the required 17-foot height requirement.

Thomas Poitras
Zoning Officer
Town of Manlius

John Deer, Supervisor

Town Board - Sara Bollinger, Alissa Italiano, Katelyn Kriesel, William Nicholson, Michael Nesci, Ingrid Gonzalez-McCurdy

Fee \$100

APPLICATION
TOWN OF MANLIUS – ZONING BOARD OF APPEALS
301 BROOKLEA DR.
FAYETTEVILLE NY 13066
315-637-3521 OR 315-637-8619

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY

THE ZONING BOARD OF APPEALS meets on the 3rd Thursday of the month, this schedule is subject to change. For your application to be placed on the agenda for the Zoning Board, please see the attached list of meeting dates and file deadlines. The placement of your application on the ZBA agenda is subject to caseload and/or the evaluation of your application under the New York State Environmental Quality Review Act and the requirements for referral to the Onondaga County Planning agency.

The ZBA Board reserves the right to limit the number of cases it hears at any one meeting to the first applications received. Additional applications may be delayed until a later meeting despite submissions prior to the File by Date.

An incomplete application will not be considered at all.

Once an application has been scheduled a public meeting notice will be published in the Eagle Bulletin and a meeting agenda will be mailed/emailed to each applicant. All scheduled applications will be open for inspection at the Town of Manlius, Town Clerk's Office.

Unless otherwise notified, all ZBA meetings will begin at 6:30PM at the Manlius Town Hall, 301 Brooklea Dr. Fayetteville NY. The applicant or an authorized representative is encouraged attend the meeting to present their application to the Zoning Board of Appeals Board.

VARIANCE SUBMITTAL REQUIREMENTS

1. Application packet **which must include – Building Permit that has been denied by the Code Officer, ZBA application, survey, building plans, disclosure affidavit and the (*short environmental assessment form - only for commercial property*)** will be needed for the ZBA Board.
2. One **copy** of an accurate survey map of the property drawn by a licensed land surveyor. The survey must designate existing structures and proposed structures or additions. The survey must also show driveways and/or parking spaces as well as the distances from the rear, front and side property lines to the closest point on the primary structure. Distances from accessory or secondary structures to boundary lines should be shown as appropriate.
3. Environmental Assessment Form (*only for commercial property*): Page 1 must be completed by the applicant if short form is used.

4. A fee of \$100.00 for a residential area variance, \$200.00 for a Commercial use variance, \$350.00/\$450.00 for a use variance, checks are to be made payable to the Town of Manlius.

Area Variances – 5 Criteria Questions

If the applicant requests an area variance from the Town of Manlius Municipal Code, the applicant must consider the 5 criteria questions and be prepared to respond to the ZBA Board if requested to. These questions must be answered on a separate sheet of paper and submitted with your application.

1. Whether the benefit sought by the Applicant can be achieved by some other feasible method? *no*
2. Whether the Variance will result in an undesirable change in the character of the neighborhood? *no*
3. Whether the requested variance is substantial?
4. Whether the Variance will have an adverse effect on physical or environmental conditions? *no*
5. Whether the alleged difficulty was self-created? *yes*

Use Variances:

If the applicant requests to use the subject property for purposes which are not allowed or are prohibited by the Town of Manlius Municipal Code, the applicant must demonstrate unnecessary hardship. To prove unnecessary hardship, the applicant must submit evidence to demonstration that:

1. The applicant is deprived of all economic use or benefit from the property in question, which deprivation must be established by competent financial evidence.
2. The alleged hardship relating to the property is unique and does not apply to a substantial portion of the district or neighborhood.
3. That the request use variance, if granted, will not alter the essential character of the neighborhood; and
4. That the alleged hardship has not been self-created.

Use the space below or submit a separate documentation to present the necessary proof. Opportunity will also be given to present proof at the public hearing.

Zoning Board Referral

2/4/2026

Bowman Rd

Tax Map ID: Future Lot To Be Determined Upon Approval of Subdivision

Current Lot: 073.-03-03.1

Applicant: Barbara A Sturick

The applicant is requesting a variance from chapter 155-12(A)(1) for a future subdivision's open, unimproved land suitable for the installation of a septic field explicitly identified and reserved for such purposes. The applicant is requesting a septic system area of 6,400 square feet and will need a variance of 3,600 square feet to provide relief from the required 10,000 square foot requirement.

PLEASE READ THE FOLLOWING INFORMATION CAREFULLY

THE ZONING BOARD OF APPEALS meets on the 3rd Thursday of the month, this schedule is subject to change. For your application to be placed on the agenda for the Zoning Board, please see the attached list of meeting dates and file deadlines. The placement of your application on the ZBA agenda is subject to caseload and/or the evaluation of your application under the New York State Environmental Quality Review Act and the requirements for referral to the Onondaga County Planning agency.

The ZBA Board reserves the right to limit the number of cases it hears at any one meeting to the first applications received. Additional applications may be delayed until a later meeting despite submissions prior to the File by Date.

An incomplete application will not be considered at all.

Once an application has been scheduled a public meeting notice will be published in the Eagle Bulletin and a meeting agenda will be mailed/emailed to each applicant. All scheduled applications will be open for inspection at the Town of Manlius, Town Clerk's Office. Unless otherwise notified, all ZBA meetings will begin at 6:30PM at the Manlius Town Hall, 301 Brooklea Dr. Fayetteville NY. The applicant or an authorized representative is encouraged attend the meeting to present their application to the Zoning Board of Appeals Board.

VARIANCE SUBMITTAL REQUIREMENTS

1. Application packet **which must include – Referral Letter from the Code Officer, ZBA application, survey, building plans, disclosure affidavit and the (*short environmental assessment form - only for commercial property*)** will be needed for the ZBA Board. **When submitting your application, you must also submit 7-hard copies of the listed materials**
2. One **copy** of an accurate survey map of the property drawn by a licensed land surveyor. The survey must designate existing structures and proposed structures or additions. The survey must also show driveways and/or parking spaces as well as the distances from the rear, front and side property lines to the closest point on the primary structure. Distances from accessory or secondary structures to boundary lines should be shown as appropriate.
3. Environmental Assessment Form (*only for commercial property*): Page 1 must be completed by the applicant if short form is used.

4. A fee of \$300.00 for a residential area variance, \$300.00 for a Commercial use variance, \$350.00/\$450.00 for a use variance, checks are to be made payable to the Town of Manlius.

Area Variances – 5 Criteria Questions

If the applicant requests an area variance from the Town of Manlius Municipal Code, the applicant must consider the 5 criteria questions and be prepared to respond to the ZBA Board if requested to. These questions must be answered on a separate sheet of paper and submitted with your application.

1. Whether the benefit sought by the Applicant can be achieved by some other feasible method?
2. Whether the Variance will result in an undesirable change in the character of the neighborhood?
3. Whether the requested variance is substantial?
4. Whether the Variance will have an adverse effect on physical or environmental conditions?
5. Whether the alleged difficulty was self-created?

Use Variances:

If the applicant requests to use the subject property for purposes which are not allowed or are prohibited by the Town of Manlius Municipal Code, the applicant must demonstrate unnecessary hardship. To prove unnecessary hardship, the applicant must submit evidence to demonstration that:

1. The applicant is deprived of all economic use or benefit from the property in question, which deprivation must be established by competent financial evidence.
2. The alleged hardship relating to the property is unique and does not apply to a substantial portion of the district or neighborhood.
3. That the request use variance, if granted, will not alter the essential character of the neighborhood; and
4. That the alleged hardship has not been self-created.

Use the space below or submit a separate documentation to present the necessary proof. Opportunity will also be given to present proof at the public hearing.

1/19/2026
Matthew and Barbara Sturick
5839 Bowman Road
East Syracuse, NY 13057

Ref: Town of Manlius 5 Variance Criteria for consideration

1. Whether the benefit sought by the Applicant can be achieved by some other feasible method: No. We believe the licensed professional documentation submitted with the application is the most feasible and acceptable methods for the subdivision and building construction on the 2.296-acre lot and NYS Licensed Engineer design Septic Plans.
2. Whether the Variance will result in an undesirable change in the character of the neighborhood? No. There are only two homes located on this side of the road so the proposed development would not create an undesirable change to the character of the neighborhood. A new home would be an improvement and is more desirable and eye appealing than a vacant lot.
3. Whether the requested variance is substantial? Per letter hereto attached dated January 26, 2026, from Engineer Edward Reid we do not believe the request is substantial considering information provided.
4. Whether the Variance will have an adverse effect on physical or environmental conditions? The subdivision and the development of the lot as presented will not have any physical or environmental adverse effects, a Wetlands Delineation has been completed and submitted with application.
5. We do not believe the alleged difficulty has been self-created in this instance. We did our due diligence and hired professionals in the required fields.

Thank you in advance for your consideration.

**RE: Septic System Information
Sturick Subdivision
Bowman Road**

Dear Tom:

It has been brought to my attention that questions arose during a recent planning board meeting regarding the above subdivision and specifically the septic system.

At the request of the Sturick's, I completed a septic design to serve a proposed single-family residence on the proposed lot. I should also note this design was completed after survey was done, which included the limits of the delineated jurisdictional wetland features with setback buffers, as confirmed by the NYSDEC. Further, in Onondaga County the review and approval of all septic systems fall under the purview of the Onondaga County Health Department with all residential septic designs completed in accordance with the "*New York State Department of Health Standards for Individual Onsite Wastewater Treatment Systems, Appendix 75-A.*" Given the current soil conditions on the site, as found during the required percolation testing and deep hole test witnessing, it is evident the proposed lot can support a conventional septic system with a required area of approximately 1,400 square feet with an approximate 700 square feet additionally reserved for a future expansion, if needed.

Lastly, it should also be noted that all subdivisions in Onondaga County are reviewed and approved by the same Department of Health, therefore, any proposed subdivision would, by default, require a septic system design to supplement that filing for review/approval.

Should you have any questions or concerns regarding the above, please do not hesitate to contact me directly.

Very truly yours,
EDWARD REID ENGINEERING,^{pllc}

**RE: DEC Review of Consultant Parcel Jurisdictional Determination
Project Jurisdictional Determination – Wetland Concurrence for wetland
delineation performed November 6, 2025. Part of a tax parcel subdivision
Part of Tax Parcel: 073.0-03-03.1
Town of Manlius, Onondaga County, New York**

The New York State Department of Environmental Conservation (DEC) has reviewed your proposed parcel jurisdictional determination (JD) for the subject parcel(s). Based on the information provided on November 6, 2025, DEC jurisdiction over on-site freshwater wetlands is summarized in the following table.

Wetland ID	Jurisdictional Status	Jurisdictional Criteria Acreage/Unusual Importance (UI)	Classification (I, II, III, IV)	Classification Rationale
Identified Wetland	DEC Regulated	Wetland is within Urban Area, Contiguous to a previously mapped Wetland	II	Located within a FEMA 100-year Floodplain; Wetland is within urban area

This determination shall remain valid for a period of five (5) years from the date of this letter, expiring after December 1, 2025.

Please be advised, an Article 24 Freshwater Wetlands permit is required to conduct any regulated activities within DEC regulated freshwater wetlands and associated adjacent areas. For further information regarding what constitutes a regulated activity, please refer to 6 NYCRR Part 663 Freshwater Wetlands Permit Requirements Regulations or contact the appropriate DEC Bureau of Ecosystem Health office.

This letter of determination refers only to the wetland area investigated and detailed on the attached map. No project plans were submitted, therefore, any areas not shown on this map would require additional data and review for an updated delineation. If prior to, or during construction, the project area changes outside of the investigated area for any reason, this determination may also be subject to change. In the event of a change to the project plans, please contact the appropriate DEC Bureau of Ecosystem Health office for further guidance.

Please note, this letter relates only to DEC freshwater wetlands jurisdiction and does not address the potential need for any other DEC permits, or any permits or approvals that may be required from other agencies or municipalities.

If you have any questions or concerns regarding this determination, please contact DEC Region 7 Bureau of Ecosystem Health at R7beh@dec.ny.gov

Sincerely,

Michael Oot
 Biologist, Bureau of Habitat

**RE: Zoning Board of Appeals – Area Variance Application, Septic Reserve Area
Bowman Road, TM# 073-03-3.1**

Dear Mr. Poitras:

At the request of the Town, LaBella Associates has reviewed the materials submitted in support of the applicant's request for an area variance from §155-12(A)(1) of the Town Code. The applicant seeks relief from the requirement that any lot served by on-site septic must include a minimum of 10,000 square feet of open, unimproved land suitable for installation of a septic field. The proposal provides approximately 6,400 square feet of septic reserve area and therefore requires a variance of 3,600 square feet.

As requested, our comments are limited to whether the proposed reduction in septic reserve area would affect septic system functionality and whether it may result in potential adverse physical or environmental impacts. This is not a full technical review of the septic design. Onondaga County Department of Health (DOH) has the final review and approval authority for septic systems within the Town.

Ramifications of Septic Reserve Area Reduction. Assuming the wetland delineation and soil test results are accurate, the lot appears to have sufficient area to accommodate a septic system sized for a three-bedroom residence including a designated future expansion area.

Potential Adverse Effects on Physical or Environmental Conditions. We do not anticipate adverse environmental impacts solely as a result of the reduced septic reserve area. If the system is designed and installed in accordance with County DOH standards, impacts to groundwater or adjacent properties should be minimized. DOH standards require the inclusion of a designated expansion area providing space for repair or replacement, which reduces the likelihood of future environmental concerns associated with system failure. Additionally, the septic system components are located outside the required 100-foot wetland buffer reducing potential impacts to wetland resources.

Recommended Conditions. Should the Board choose to grant the requested variance, we recommend that any approval be conditioned upon:

1. Approval of the septic system design by the Onondaga County Department of Health prior to issuance of any building permit.
2. Identification and preservation of the septic reserve area as open, unimproved land on the final subdivision plat.

Additional Notes

The following items relate to overall lot buildability and may be more appropriately addressed by the Planning Board as part of subdivision or site plan review:

- Depiction of water supply sources on the plans. The applicant will need to demonstrate compliance with required separation distances between well/water service line and septic system components in accordance with DOH standards.
- Depiction of the proposed driveway location on the plans and confirmation from the Town Highway Superintendent that a driveway at the proposed location is feasible (e.g., adequate sight distance, slope, drainage, etc.).

Please feel free to contact us if the Board requires any additional clarification.

Respectfully submitted,
LABELLA ASSOCIATES, D.P.C.
